ENERGY & UTILITY ASSISTANCE RESOURCES

The mission of the Pennsylvania Public Utility Commission is to balance the needs of consumers and utilities; ensure safe and reliable utility service at reasonable rates; protect the public interest; educate consumers to make independent and informed utility choices; further economic development; and foster new technologies and competitive markets in an environmentally sound manner.

As part of this mission, the PUC's Office of Communications provides a wide range of educational resources and outreach initiatives designed to meet the diverse needs of Pennsylvania residents. Our senior Communications Specialists, Christina Chase-Pettis and Shari A. Williams, lead these efforts with extensive experience and a deep commitment to public education and engagement.

Our educators plan and execute a variety of impactful events throughout the year, including community meetings, forums, roundtable discussions, and conferences. Signature programs such as the Be Utility Wise and Be Wise conference series are held annually for Human Services Professionals across Pennsylvania. These events provide critical information and resources to those who serve vulnerable populations, helping to extend the PUC's consumer education efforts into communities where needed most.

Additionally, we provide user-friendly fact sheets, energy-saving tips, and other resources to help consumers better understand their utility services and rights. These resources can be accessed at our new Consumer Help Center page at <https://www.puc.pa.gov/about-the-puc/consumer-help-center>.

For more information or to schedule an educational workshop, seminar, staff training, consumer education event, presentation, or speaking engagement, please get in touch with our specialists directly. We offer a variety of events to cater to your interests and needs. You can find our consumer education services request form here: https://www.puc.pa.gov/media/3039/consumer_education_services_request_form.pdf.

BUDGET BILLING

All residential customers may contact their electric or natural gas company and request budget billing at any time. Each monthly bill will be the same amount. The company may adjust the bill four times a year, up or down, depending on the customer's usage.

CUSTOMER ASSISTANCE PROGRAM (CAP)

CAPs can lower your monthly utility bill and may remove the amount you already owe. Each company has a CAP, and they work with the customer to determine what they can pay versus the cost of energy used.

CUSTOMER ASSISTANCE REFERRAL & EVALUATION PROGRAM (CARES)

The CARES program helps customers with special needs. This program may help you find ways to pay your utility bill.

HARDSHIP FUNDS

Utility companies have hardship funds that provide cash assistance to utility customers to help them pay their utility bills. Hardship funds provide assistance grants to customers who “fall through the cracks” of other financial assistance programs, or to those who still have a critical need for assistance after the other resources have been exhausted. The funds make payments directly to companies on behalf of eligible customers.

LOW-INCOME USAGE REDUCTION PROGRAM (LIURP)

LIURP helps low-income residential customers lower the amount of electricity or natural gas used each month.

LOW-INCOME HOME ENERGY ASSISTANCE PROGRAM (LIHEAP)

LIHEAP is a federal program that provides financial assistance to low-income households to pay energy bills. In Pennsylvania, LIHEAP is administered by the PA Department of Human Services (DHS) and consists of three components:

☐ CASH BENEFITS

Helps low-income customers pay their home energy bill.

☐ CRISIS

Helps low-income customers meet home emergency situations and restore services if service has been shut off.

☐ WEATHERIZATION

Helps qualified low-income customers reduce their energy consumption through home improvements.

NOTE: Low-income customers who qualify for Cash and Crisis can receive both. Your household income must be within certain limits to qualify. These limits are listed on the DHS website at www.dhs.pa.gov.

If you have more questions about LIHEAP, you may call your local county assistance office

or the toll-free LIHEAP hotline at 1-866-857-7095

(individuals with hearing impairments may call the TDD number at 1-800-451-5886).

PPL Electric Utilities

Programs for Residential Customers with Limited Incomes

PPL Electric Utilities Customer Assistance Program (CAP) - OnTrack

OnTrack is a special payment plan for PPL Electric customers with limited incomes. The program offers a reduced monthly payment based on family size, income and heating source, and a chance to erase any debt a customer owes. OnTrack benefits include a reduced monthly electric bill, protection from shutoffs, referrals for energy education or weatherization, and cancellation of a portion of the debt a customer owes each time they make their OnTrack payment. To be eligible for OnTrack, a household must be at or below 150% of federal income poverty guidelines.

To apply, visit ppl electric.com/OnTrack or call 1-800-358-6623.

PPL Electric Utilities Fuel Fund Program - Operation HELP

Operation HELP is a PPL Electric fuel fund that helps pay the electric bills of low-income customers. The fund is supported by donations from PPL Electric, its customers, and employees. To be eligible for Operation HELP, the household must be at or below 250% of federal income poverty guidelines.

To apply, visit pplelectric.com/OperationHELP or call 1-800-358-6623.

Customer Assistance and Referral Evaluation Service (CARES)

CARES is a special service for customers with a good payment history who cannot pay the full amount of their electric bill because of a temporary hardship. Examples of hardships include serious illness, injury, loss of spouse, or a significant decrease in household income. CARES can protect a customer's account from shut off for a temporary period and also provides referrals to other programs. There is no income requirement.

To apply, or to refer a person for CARES, call 1-800-342-5775.

PPL Electric Utilities' Weatherization Program - WRAP

WRAP is a no-cost weatherization program that helps customers reduce their electric usage and improve comfort in their homes. A professional energy advisor works with qualified customers on ways to save energy and installs energy efficient products that may help lower their electric bill. All work is done by certified WRAP contractors. To qualify, the household must be at or below 200% of federal income poverty guidelines. The customer must have a residential account with PPL Electric and live in a primary home that has not received WRAP assistance within the past 5 years. WRAP is available to homeowners and renters. Landlord consent is only required for certain products and services.

For more information or to apply, visit pplelectric.com/WRAP or call 1-888-232-6302.

Master-Metered Apartments

Low-income residents within these buildings receive a range of free WRAP measures. PPL Electric also works with property owners to address the other common areas of the building.

To apply, customers can call 1-888-232-6302.

Programs for Residential Customers (no income guidelines)

Appliance Recycling Pick-up

Customers who have a refrigerator or freezer that they no longer use can visit pplelectric.com/pickup to arrange for a free pick up and get a \$50.00 rebate check. The customer must have an individual account with PPL Electric and own the refrigerator. The refrigerator or freezer must be in working condition and be 10-30 cubic feet in size. Room air conditioners and dehumidifiers may also be recycled without being paired with a large appliance as long as two or more units are included in the pick-up. The customer will receive an additional \$25.00 for each small appliance.

Appliance/Efficient Equipment Rebates

PPL Electric offers rebates to residential customers for certain energy-efficiency equipment and improvements. All appliances must be installed in PPL Electric Utilities service area. For more information or to apply, visit pplelectricsavings.com or call **1-877-486-9204**. *Funds are limited*, and PPL Electric Utilities reserves the right at any time to extend, modify or terminate the rebate program.

Virtual Energy Assessment

Virtual Assessments (by phone) are available at no cost to qualifying homeowners or renters. Virtual assessments provide an easy, convenient, and safe introduction to the benefits of energy efficiency. The 30-minute phone consultation includes recommendations for energy-efficient products and rebates. Customers will receive a free, personalized energy savings kit with small Do-It-Yourself upgrades to help customers start saving right away.

Virtual Assessments are also available in Spanish.

Visit pplelectric.com/VirtualAssessment to learn more or call 1-877-486-9204 to schedule an assessment.

Customers must have an active PPL Electric account with electric heat or non-electric heating with central A/C in order to participate.

What the Pennsylvania Public Utility Commission Regulates

The PUC has jurisdiction over about 20 natural gas utilities. Bottled propane gas, as well as most utilities owned and operated by cities, boroughs or townships, do not fall under the PUC.

The PUC has jurisdiction over intrastate, local, toll and access telephone services and providers. Additionally, the Commission regulates availability and speed of internet service offered by traditional local telephone companies, per Chapter 30 of the Public Utility Code.

The PUC has jurisdiction over 11 electric distribution companies. Rural electric cooperatives and most utilities owned and operated by cities, boroughs or townships are not regulated by the Commission.

The PUC has jurisdiction over more than 120 water and wastewater utilities, including a number of municipal water and wastewater utilities. However, the Commission does not have jurisdiction over utilities owned and operated by municipalities, cities, boroughs or townships, except for rates and service to customers outside municipal boundaries.

The PUC conducts regular inspections of railroad track; motive power & equipment; operating practices; hazardous materials; and signal & train control, working in conjunction with the Federal Railroad Administration. Additionally, the PUC oversees highway-railroad crossings throughout Pennsylvania.

The PUC regulates motor carriers that transport property, passengers and household goods such as taxis, moving companies and limousines, and Transportation Network Companies such as Uber and Lyft. It also conducts inspections on the vehicles used for these services.

The PUC conducts inspections on pipelines operated by public utilities that fall under PUC jurisdiction and enforces federal and Commission pipeline safety regulations as they apply to public utilities providing natural gas distribution and intrastate transmission service, and public utilities providing intrastate transmission of hazardous liquids.
