ENERGY & UTILITY ASSISTANCE RESOURCES

The mission of the Pennsylvania Public Utility Commission is to balance the needs of consumers and utilities; ensure safe and reliable utility service at reasonable rates; protect the public interest; educate consumers to make independent and informed utility choices; further economic development; and foster new technologies and competitive markets in an environmentally sound manner.

As part of this mission, the PUC's Office of Communications provides a wide range of educational resources and outreach initiatives designed to meet the diverse needs of Pennsylvania residents. Our senior Communications Specialists, Christina Chase-Pettis and Shari A. Williams, lead these efforts with extensive experience and a deep commitment to public education and engagement.

Our educators plan and execute a variety of impactful events throughout the year, including community meetings, forums, roundtable discussions, and conferences. Signature programs such as the Be Utility Wise and Be Wise conference series are held annually for Human Services Professionals across Pennsylvania. These events provide critical information and resources to those who serve vulnerable populations, helping to extend the PUC's consumer education efforts into communities where needed most.

Additionally, we provide user-friendly fact sheets, energy-saving tips, and other resources to help consumers better understand their utility services and rights. These resources can be accessed at our new Consumer Help Center page at <https://www.puc.pa.gov/about-the-puc/consumer-help-center>.

For more information or to schedule an educational workshop, seminar, staff training, consumer education event, presentation, or speaking engagement, please get in touch with our specialists directly. We offer a variety of events to cater to your interests and needs. You can find our consumer education services request form here: https://www.puc.pa.gov/media/3039/consumer_education_services_request_form.pdf.

For informal complaints or termination issues, please contact the PUC's Bureau of Consumer Services (BCS) Toll-Free Hotline at 1-800-692-7380.

BUDGET BILLING

All residential customers may contact their electric or natural gas company and request budget billing at any time. Each monthly bill will be the same amount. The company may adjust the bill four times a year, up or down, depending on the customer's usage.

CUSTOMER ASSISTANCE PROGRAM (CAP)

CAPs can lower your monthly utility bill and may remove the amount you already owe. Each company has a CAP, and they work with the customer to determine what they can pay versus the cost of energy used.

CUSTOMER ASSISTANCE REFERRAL & EVALUATION PROGRAM (CARES)

The CARES program helps customers with special needs. This program may help you find ways to pay your utility bill.

HARDSHIP FUNDS

Utility companies have hardship funds that provide cash assistance to utility customers to help them pay their utility bills. Hardship funds provide assistance grants to customers who "fall through the cracks" of other financial assistance programs, or to those who still have a critical need for assistance after the other resources have been exhausted. The funds make payments directly to companies on behalf of eligible customers.

LOW-INCOME USAGE REDUCTION PROGRAM (LIURP)

LIURP helps low-income residential customers lower the amount of electricity or natural gas used each month.

LOW-INCOME HOME ENERGY ASSISTANCE PROGRAM (LIHEAP)

LIHEAP is a federal program that provides financial assistance to low-income households to pay energy bills. In Pennsylvania, LIHEAP is administered by the PA Department of Human Services (DHS) and consists of three components:

CASH BENEFITS

Helps low-income customers pay their home energy bill.

CRISIS

Helps low-income customers meet home emergency situations and restore services if service has been shut off.

WEATHERIZATION

Helps qualified low-income customers reduce their energy consumption through home improvements.

NOTE: Low-income customers who qualify for Cash and Crisis can receive both. Your household income must be within certain limits to qualify. These limits are listed on the DHS website at www.dhs.pa.gov.

If you have more questions about LIHEAP, you may call your local county assistance office
or the toll-free LIHEAP hotline at 1-866-857-7095
(individuals with hearing impairments may call the TDD number at 1-800-451-5886).

- Must have a gross household income at or below 150% FPL.
- Must provide proof of income for the past 30 days or 12 months whichever is more representative of their actual annual income.
- Must agree to participate in LIHEAP and WARM, if eligible.

The program may apply one or more of the following benefits:

- An annual credit limit that can offset the difference between the monthly actual charges and the PCAP bill amount.
- Forgiveness credits to reduce the pre-program account balance (excluding fees) that was set aside as deferred arrears when enrolled. Forgiveness credits reduce the pre-program balance in response to payment of a monthly PCAP bill.
- Exemption from late fees & security deposits
- An opportunity to reduce electric consumption through WARM

More about PCAP:

- The credit pays the difference between the actual charges and PCAP bill amount. If all credit is used before the subsidy resets on the first bill in the new year, the customer will be responsible for actual monthly charges.
- The customer will be notified when 50%, 80% or 100% of the available annual credit has been used, a letter is mailed to alert the customer. The letter will explain how to request additional credit beyond the limit.
- If the actual charges are less than the calculated PCAP bill amount, the actual charges will be billed instead.
- At enrollment or recertification, the customer provides household size and income information to determine the household's federal poverty level (FPL). Based on this, an annual credit limit is determined for the account

Max Subsidy Credit Limits by FPL Tier	Electric <u>Non-Heating</u> (ENH)	Electric Heating (EH)
0%-50%	\$2,345	\$3,282
51%-100%	\$1,719	\$2,449
101%-150%	\$1,355	\$1,771
