This fourth meeting of the Phase V Data Sharing Working Group was held on Thursday, January 8, 2026. Attendees are listed above. A representative of the Department of Health and Human Services was invited but did not attend. TUS continued to facilitate discussion regarding data sharing between DEP and the EDCs related to ACT 129 and DEP's energy efficiency programs, HER, and HEAR.

Discussion included the following topics:

- The progress made by parties regarding a data sharing agreement in meetings held independent of this working group.
- The parties present during these independent meetings include: DEP, DCED, OCA, PULP, and EAP.
- The state of DEP's funding for HER and HEAR.

The meeting ended with TUS continuing to encourage DEP and the stakeholders to work together between meetings. The stakeholders stated that they required an additional two months to complete a draft agreement. The next meeting will focus on the draft agreement created by the parties during their independent meetings. A tentative March meeting invitation has been sent to the expected meeting participants. An agenda will be drafted and sent to the working group stakeholders closer to the time.
