### Transmission Line Construction

PPL Electric Utilities plans to reconnect three existing transmission lines at the existing Jackson Substation in Jackson Township, Monroe County. This project is required to strengthen reliability and resolve load and low-voltage issues in the Southern Pocono area.

The project is located north of Alan Court on property already owned by PPL Electric. The new sections of 138 kilovolt (kV) transmission line required to accomplish the re-terminations will be approximately 1,210 feet, 440 feet and 295 feet in length. The new line sections will reconnect three existing 138/69 kV transmission lines from the 69 kV yard at the Jackson Substation to the 138 kV yard at the Jackson Substation. All work associated with this project will be completed on property owned by PPL Electric.

If you would like more information on this project, please contact PPL's Paul J. Canevari at 570-620-3310.

On January 19, 2010, PPL Electric Utilities filed a "Letter of Notification" with the Pennsylvania Public Utility Commission (PUC), which must approve the project before work can begin. A copy of this "Letter of Notification" is available for public inspection on weekdays during business hours at the following location:

Jackson Township Municipal Building  
Route 715 South  
Reeders, PA 18352

If you wish to participate in the process before the PUC, you should contact within 15 days:
