RE: Letter of Notification of PPL Electric Utilities Corporation regarding Schoeneck 1 & 2 Transmission Tap Line

Dear Secretary McNulty,

Our office has received notification from PPL of a petition to the PUC for finding of necessary convenience to install a proposed substation in our Township. We understand that the PUC has the authority to make such a finding in order to exempt PPL from local zoning regulations. The Township has no objections to this project, but would like to make the PUC aware that a proposed extension of Sauerkraut Lane could possibly be built over a portion of the substation site. The proposed location of the substation structure and transmission and distribution lines would not be affected by the location of the proposed road construction.

Sincerely,

Bruce Fosselman, Manager
