Re: Wastewater Rate Changes proposed by Pennsylvania American Water
Property ID: 206 Acorn Court, Sec. 18

R-2010-2166214

Gentlemen:

I am a seasonal resident in Winona Lakes. From early October to late April I reside in New York. For 6 months of eqch year I am paying for sewer and water service that I am not receiving. When I asked about the monthly fee for non-usage I was told this was a PA state regulation and out of their hands.

Now American Water is proposing a volume-based charge on water usage. What happened to the PA regulation? Was I told a flat out lie? If so, how many more lies are included in the information I was sent.

As if this theft was not enough...now they want to raise my water bill 2 1/2 times. At least consider a senior citizen discount. Even with all the increased water charges in New York City the bill will still be lower than what I'm being asked to pay in PA. .

I'm asking that consideration be given to reining in this greedy Company. I understand that everyone is entitled to a fair increase but this jump hardly qualifies as fair.

Sincerely,

Albert J. Mezzano
