

To Judge Jones

From Nadia Croul

F-2009-2136977

Dear Judge Jones,

I have a scheduled appointment with you on June 17th at 9:00 AM.,and I was wondering if you would be so kind as to allow me a phone appointment instead. I have serious health problems,—(diabetes and neuropathy) which makes me have difficulty walking.

Also I really can't afford the traveling and transportation expenses . You were kind enough to grant me a telephone appointment the last time, but we were all snowed in and it was canceled. . Please consider this ,as I am worse off financially than I was before .My Social Security check was lowered ,and now I can't even pay my mortgage ,and I just received an ACT 91 notice on my home.-

My son's home , which was in my name already went to foreclosure in October- Mine is next...I know everyone that can't find work is in the same trouble right now .I have looked for other types of work ,but I think my age(77) and looks,are against me .Hopefully things might get better.

Sincerely,

Nadia Croul
