Amendment to Gas License for Gateway Energy Services Corporation  
Docket No. A-2009-2138725

James,

Please find attached an amendment to the previously approved Gas License Application for Gateway Energy Services Corporation. We are modifying our response to question numbers 10 and 13 in order to add PECO and National Fuel Gas Company as additional service areas where we intend to provide natural gas supply.

I have also attached copies of the notices required under question 13, the proof of newspaper notice, and the letters explaining credit arrangements with both utilities.

Please let me know if you need anything further.

Thank you for your help.

RE: Security Requirement for GESC.

Dear Joseph:

Pursuant to 66 Pa. C. S. § 2208 (c), an applicant for a natural gas supplier license in the Commonwealth of Pennsylvania must furnish security to each utility where the supplier will do business to ensure the financial responsibility of such natural gas supplier. To this end, National Fuel Gas Distribution Corporation ("National Fuel") has performed a credit review and analysis of Gateway Energy Services Corporation ("GESC") and has determined that GESC must post a security deposit in cash, or a form of security acceptable to National Fuel, to operate as a supplier on National Fuel's system.

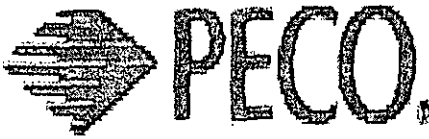

GESC currently serves customers in National Fuel's New York territory. GESC's security requirement to serve Pennsylvania customers is dependent on the type of transportation service utilized by GESC. There is no Natural Gas Supplier (NGS) security requirement for customers that will be enrolled in National Fuel's Purchase of Receivable (POR) program as proposed by National Fuel. As such, GESC will not be required to post security for customers enrolled in the POR program if the Pennsylvania Public Utility Commission ("PA PUC") accepts the POR program as filed. A security deposit will be required for transportation customers not enrolled in the POR program.

Should you have any questions concerning the above, please contact me at 716-857-7796.

Very truly yours,

In compliance with your request of June 14<sup>th</sup>, 2010, Energy Acquisition is providing this notification letter that Gateway Energy Services Corporation has met the creditworthiness business requirement involved with the Pennsylvania Gas Choice - Low Volume Transportation program, pursuant to the receipt of an initial Surety of \$35,000.00 Guaranty. The Surety may be submitted to PECO via three acceptable forms; a Cash Deposit, a Letter of Credit, or a Surety bond. PECO will hold any surety to cover potential obligations to PECO and other system costs that could result from failure of a Supplier to meet its competitive Natural Gas Supply service delivery obligations.

Please note, although the creditworthiness requirements were met, as referenced within Section 7.13 (Creditworthiness of a Natural Gas Supplier (NGS) Serving Low Volume Transportation Customers) of the Gas Service Tariff, PECO has the right to re-assess the creditworthiness of the company if PECO has any reason to suspect a change in the marketer's financial condition.

If you should have any questions regarding this matter, please contact the Electric & Gas Choice Hotline at 215-841-3700.

Sincerely,
