Gentlemen:

I have received a Notice of Proposed Rate Changes from Total Environmental Solutions, Inc. (TESI) regarding a proposed increase in metered customers sewer rates as of August 29, 2010. They state that the typical residential customer's overall annual sewer bill, including PennVest surcharge, would increase from approximately \$27.76 to \$42.44 per month.

I understand from their correspondence that the PUC will examine the requested rate increase and can prevent existing rates from changing until it investigates and/or holds hearings on the request. The company must prove that the requested rates are reasonable.

I am requesting that the PUC prevent any change in the existing rates until a thorough investigation has been conducted by your agency.

Thank you for your considerations in this matter.

Sincerely,

  
Josephine D. Randolph
