Public Notice

Transmission Line Construction

PPL Electric Utilities plans to construct a new double-circuit transmission tap line and substation in Palmyra Township, Wayne County, to strengthen reliability and help meet increasing demand for electricity in the area.

The new substation and transmission tap lines will be built on property north of Route 6, approximately 1,450 feet north of the intersection of Route 6 and Route 590. The new transmission tap lines will extend approximately 250 feet from PPL Electric Utilities' existing Blooming Grove-Honesdale 69-kilovolt (kV) Transmission Line to the proposed Hawley 69-12 kV Substation. The company will construct power lines capable of carrying 138 kV in the future as demand grows. Initially, the tap lines will operate at 69 kV. The new transmission tap lines and substation will be constructed on property owned by PPL Electric.

If you would like more information on this project, please contact PPL's Paul J. Canevari at 570-620-3310.

On April 26, 2010, PPL Electric Utilities filed a "Letter of Notification" with the Pennsylvania Public Utility Commission (PUC), which must approve the project before work can begin. A copy of the "Letter of Notification" is available for public inspection on weekdays during business hours at the following location:

Palmyra Township Building  
219 Oak Street  
Hawley, PA 18428

If you wish to participate in the process before the PUC, you should contact within 15 days:

Rosemary Chiavetta, Esquire  
Secretary  
Pennsylvania Public Utility Commission  
P.O. Box 3265  
Harrisburg, PA 17105-3265

As a reference aid, be sure to include the project's "docket number," which is A-2010-2172213.
