NOTICE OF PROPOSED RATE CHANGES

To Our Customers:

Duquesne Light Company ("Duquesne Light") is filing a request with the Pennsylvania Public Utility Commission (PUC) to increase electric distribution service rates to be effective on September 21, 2010. This Notice describes the company's rate request, the PUC's role, and what actions you can take.

Duquesne Light has requested an overall rate increase of \$87.3 million per year. If the company's entire request is approved, the total bill for an average residential customer using 600 kilowatt-hours would increase from \$82.83 to \$90.60 per month or 9.38%. The total bill for an average commercial customer using 10,000 kilowatt-hours would increase from \$1,000.75 to \$1,062.23 per month or 6.14%. The total bill for an average industrial customer using 200,000 kilowatt-hours would increase from \$17,042.08 to \$17,549.80 per month or 2.98%. These proposed increases and percentages represent total Duquesne Light rates, which include rates for distribution, transmission and generation. These calculations are based upon our current rates in effect as of July 23, 2010.

To find out your customer class or how the requested increase may affect your electric bill, contact Duquesne Light at 1-888-393-7100. The rates requested by the company may be found in Supplement No. 35 to Tariff Number 24. You may examine the material filed with the PUC, which explains the requested increase and the reasons for it. A copy of this material is kept at 411 Seventh Avenue, Pittsburgh, PA 15219. Upon request, the company will send you the Statement of Reasons for Supplement No. 35 to Tariff Number 24 explaining why the rate increase has been requested.

The state agency which approves rates for public utilities is the PUC. The PUC will examine the requested rate increase and can prevent existing rates from changing until it investigates and/or holds hearings on the request. The company must prove that the requested rates are reasonable. After examining the evidence, the PUC may grant all, some, or none of the request or may reduce existing rates.

The PUC may change the amount of the rate increase or decrease requested by the utility for each customer class. As a result, the rate charged to you may be different than the rate requested by the company and shown above.

There are three ways to challenge a company's request to change its rates:

1. You can file a formal complaint. If you want a hearing before a judge, you must file a formal complaint. By filing a formal complaint, you assure yourself the opportunity to take part in hearings about the rate increase request. All complaints should be filed with the PUC before September 21, 2010. If no formal complaints are filed, the Commission may grant all, some, or none of the request without holding a hearing before a judge.
2. You can send the PUC a letter telling why you object to the requested rate increase. Sometimes there is information in these letters that makes the PUC aware of problems with the company's service or management. This information can be helpful when the PUC investigates the rate request. Send your letter or request for a formal complaint form to the Pennsylvania Public Utility Commission, Post Office Box 3265, Harrisburg, PA 17105-3265.
3. You can be a witness at a public input hearing. Public input hearings are held if the Commission opens an investigation of the company's rate increase request and if there is a large number of customers interested in the case. At these hearings you have the opportunity to present your views in person to the PUC judge hearing the case and the company representatives. All testimony given "under oath" becomes part of the official rate case record. These hearings are held in the service area of the company.

All bids must be made on the prepared bid form provided with the formal solicitation.

For bids \$200,000.00 or over, bids must be accompanied by a bid bond in the amount of ten percent (10%) of the bid for the project under consideration. Said bond shall be duly and legally executed with a surety or trust company which has complied with city ordinances/resolutions relating thereto.

Wages paid on this project shall not be less than the minimum wages determined by the U.S. Department of Labor as set forth in the contract documents.

The contractor will be required to comply with all applicable Equal Employment Opportunity requirements for Federally assisted construction contracts. The contractor must assure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex or national origin. Attention is called to Executive Order 11246, to Section 3 of the Housing and Urban Development Act of 1968, 12 U.S.C. 1701U, and to the Section 3 Clause and Regulations set forth in 24 CFR, Part 135.

The Contractor will be required to comply with the following laws, rules and regulations:

President's Executive Order 11246, entitled "Equal Employment Opportunity", as amended by Executive Order 11375 and as supplemented in Department of Labor Regulations (41 CFR, Part 60).

Contractor shall comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act as amended (42 U.S.C. 1875 et seq.). See 40 CFR, Part 15, for relevant regulations of the EPA.

Contractor shall comply with the Davis-Bacon Act (40 U.S.C. 276-a to 276-c) as supplemented by Department of Labor Regulations (29 CFR, Part 5 as enclosed in this Bid Package), and with the Contract Work Hours and Safety Standards Act (40 U.S.C. 327 et seq.) as supplemented by Department of Labor Regulations (29 CFR, Parts 5 and 1926).

Procedures for compliance to these acts shall be as follows:

- All specifications for construction contracts and subcontracts will contain the prevailing wage rates (as enclosed in this bid package) as determined by the Secretary of Labor in accordance with the Davis-Bacon Act, as amended (40 U.S.C. 276-a to 276-c-5) and provision that overtime compensation will be paid in accordance with the Contract Work Hours and Safety Standards Act Regulations (29 CFR, Parts 5 and 1926). The contract provisions shall require that these standards be met.

Notice of Requirement for Affirmative Action to Ensure Equal Employment Opportunity (Executive Order 11246).

Bidder's attention is called to the "Equal Opportunity Clause" and the "Standard Federal Equal Employment Specifications" set forth in 41 CFR Public Contracts and Property Management Part 60-4.3 Equal Opportunity Clauses.

The goals and timetables for minority and female participation, expressed in percentage terms for the Contractor's aggregate workforce in each trade on all construction work in the "covered area" are as follows:

- Goals for minority participation for each trade: 6.3 % of all work hours
- Goals for female participation for each trade: 6.9% of all work hours

These goals are applicable to all contractors' construction work (whether or not it is Federal or federally assisted) performed in the "covered area."

As used in this notice, and in the contract resulting from this solicitation, the "covered area" is Pittsburgh SMSA (Allegheny, Washington, Beaver and Westmoreland counties).

The contractor shall comply with Title VI of the Civil Rights Act of 1964, Section 109 of the Community Development Act of 1974, with Executive Order 11625 (Minority Business Enterprise) and Executive Order 12138 (Women's Business Enterprise).

The bidders will be required to submit the package of certifications included with the contract documents relating to Equal Employment Opportunity.

The County & City reserves the right to withhold the award of contract for a period of sixty (60) calendar days after the opening of bids.

The City Director of the Department of Finance and the County Chief Purchasing Officer reserves the right to reject any and all Proposals.
