2.0 General Rules and Regulations (cont'd)

2.7 Equipment (cont'd)

2.7.4 Maintenance and Repair (cont'd)

2.7.4.A Customer Liability (cont'd)

The Customer shall be liable for damages to the facilities of the Company and for all incidental and consequential damages caused by the negligent or intentional acts or omissions of the Customer, its officers, employees, agents, invitees or contractors where such acts or omissions are not the direct result of the Company's negligence or intentional misconduct.

To the extent caused by any negligent or intentional act of the Customer, the Customer shall indemnify, defend and hold harmless the Company from and against all claims, actions, damages, liabilities, costs and expenses for (1) any loss, destruction or damage to property of any third party, and (2) any liability incurred by the Company to any third party pursuant to this or any other tariff of the Company, or otherwise, for the interruption of, interference to, or other defect in any service provided by the Company to such third party.

2.7.4.B Leased or Owned Facilities

The Customer's obligation to Clear Rate Communications, Inc. is the same whether the facilities involved are Clear Rate Communications, Inc.'s facilities or are facilities leased by Clear Rate Communications, Inc. from another party. If Clear Rate Communications, Inc. incurs expenses due to the Customer's actions that result in damage or impairment of Clear Rate Communications, Inc.'s owned or leased facilities, Clear Rate Communications, Inc. will pass on to the Customer any and all expenses to repair Clear Rate Communications, Inc.'s facilities or that the owner imposes on Clear Rate Communications, Inc. for leased facilities.

COMPETITIVE LOCAL EXCHANGE CARRIER**2.0 General Rules and Regulations (cont'd)****2.21 Toll Presubscription**

Toll Presubscription is a procedure whereby a customer designates to the Telephone Company the IntraLATA and InterLATA Toll Providers, i.e., Interexchange Carriers (IXCs) which the customer wishes to be the carriers of choice for toll calls. Such calls are automatically directed to the designated carrier(s) without the need to use carrier access codes or additional dialing to direct the calls to the designated carrier. Toll presubscription does not prevent a customer, who has presubscribed to a toll carrier, from using carrier access codes or additional dialing to direct calls to an alternative toll carrier on a per call basis.

Each carrier will have one or more access codes assigned to it for various types of service. When an end user selects a carrier as its preferred IXC, only one access code of that carrier may be incorporated into the switching system of the Telephone Company permitting access to that carrier by the end user without dialing an access code. Should the same end user wish to use other services of the same carrier, it will be necessary for the end user to dial the necessary access code(s) to reach that carrier's other service(s).

An IXC must use Feature Group D (FGD) Switched Access Service to qualify as a presubscription toll provider unless prior arrangements have been made with or by the Telephone Company. IXCs must submit an Access Service Request (ASR) to the Telephone Company.

Selection of toll presubscription provider by an end user is subject to the terms and conditions following.

At the option of the IXCs, the nonrecurring charge for a change in toll presubscription, as provided herein, may be billed to the IXCs, instead of the end user. This may involve charges resulting from end-user initial free choice Preferred Interexchange Carrier (PIC), as specified in 2.21.1. following.

COMPETITIVE LOCAL EXCHANGE CARRIER

3.0 Services and Prices

3.1 Service Ordering Charges

Service ordering charges are applied to Customers upon a request for service and when a Customer requests subsequent facility, software or account changes.

3.1.1. Line Connection Charge

Non-recurring charge of \$59.00 per line.

3.2 Exchange Access

Basic Exchange Access Service provides a Customer with a voice-grade communications channel and a unique telephone number address on the public-switched telecommunications network. An Exchange Access Service allows a user to:

- a. receive calls from other stations on the public-switched telecommunications network; and
- b. access other services offered by the Company as set forth in this tariff; and
- c. access certain interstate and international calling services provided by the Company; and
- d. access (at no additional charge) the operators contracted for by the Company; and
- e. access (at no additional charge) emergency services by dialing 0- or 9-1-1; and
- f. access services provided by other common carriers which interconnect with the Company pursuant to tariff, agreement or some other Company-approved manner.

Basic exchange access service provides the Customer with a single, voice-grade communications channel connecting the Customer's premises and the Company's designated carrier's central office.

Basic exchange access service customers are entitled to a voice-grade communications channel. Provision of this service does not guarantee a Customer access to any other facility requirement, including a communications path capable of supporting data transmissions.
