Re: R-2010-2166214

Dear Ms. Chiavetta:

I received the above mentioned docket regarding the recommended decision of the Chief Administrative Law Judge Charles E. Rainey, Jr. I am opposed to the Settlement. To my understanding all of the communities are benefiting from the improvements that the Pennsylvania Water Company has done to the facilities. If Lehman Pike, Winona Lakes and Blue Mountain Lake and other properties are using the plants, then the cost of the project should be shared equally. The residents of Blue Mountain Lake should not have to bear the brunt of the cost.

Thank you in advance for your consideration to this matter.

Respectfully,

Myrlène Honoré
