Public Notice

Transmission Line Construction

PPL Electric Utilities plans to construct a new single-circuit transmission tap line and substation in Cherry Ridge Township, Wayne County, to strengthen reliability and help meet increasing demand for electricity in the area.

The new substation and transmission tap line will be built on property south of Owego Turnpike, approximately 350 feet east of the intersection of Owego Turnpike and State Route 3042. The new transmission tap line will extend approximately 312 feet from PPL Electric Utilities' existing Blooming Grove-Honesdale 69-kilovolt (kV) Transmission Line to the proposed Dappers 69-12 kV Substation. The company will construct the power line for 138 kV operation to meet future needs; however, the tap line will initially be operated at 69 kV. The new transmission tap lines and substation will be constructed on property owned by PPL Electric.

If you would like more information on this project, please contact PPL's Paul J. Canevari at 570-620-3310.

On November 4, 2010, PPL Electric Utilities filed a "Letter of Notification" with the Pennsylvania Public Utility Commission (PUC), which must approve the project before work can begin. A copy of the "Letter of Notification" is available for public inspection on weekdays during business hours at the following location:

PPL Service Center
RR4 Box 405
Honesdale PA, 18431

If you wish to participate in the process before the PUC, you should contact the following within 15 days:

Rosemary Chiavetta, Esquire
Secretary
Pennsylvania Public Utility Commission
P.O. Box 3265
Harrisburg, PA 17105-3265

As a reference aid, be sure to include the project's "docket number," which is A-2010-2208901.
