Dear Rosemary Chiavetta

This is in the matter of William
A. Grayson docket # C-2010-221-3071
PECO is denying another payment
arrangement when they defaulted
on that arrangement themselves.

They set a payment arrangement
in the amount of \$113.00 a month,
and 5-6 payments were made. I
had moved from one property to
another asking them if my balance
and payment arrangement come
with me. They informed me yes
and when I received my bill it was
for the full balance owed. When I
called they said there was nothing they
could do. That's when I called the PUC.

I have since been back and forth
with PECO and the PUC. One of already
provided a birth certificate for my
grandson (5 months) and proof of address
(this address) for my 34 year old
daughter (living in my home with
no employment).

I also told them that there was no income at this time and I don't know how to go about proving that.

I am a 68 year old man with a sick 34 year old daughter and a 5 month old grandson living here. I just beg that something can be worked out. With family help and help from the state once a decision is made we can get this bill paid. We need electricity to live. All I ask for is an arrangement to be made that both parties will honor (PECO & I)

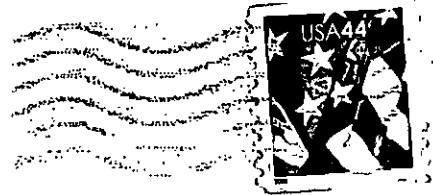

Sincerely,

William F. Grayson
