Re: Energy Services Providers, Inc. ("ESPI") d/b/a Pennsylvania Gas & Electric
Electric Generation Supplier License Application ("Application")
Docket No.: A-2010-2212421

Dear Secretary Chiavetta:

In regards to the above matter, on November 19, 2010, Energy Services Providers, Inc. d/b/a Pennsylvania Gas & Electric filed an Application for an Electric Generation License in the Commonwealth of Pennsylvania. Shortly thereafter, The Pennsylvania Public Utility Commission ("PA PUC") docketed this application as Docket No. A-2010-2212421.

On December 10, 2010, ESPI submitted to the PA PUC, the required forms of publication from newspapers across the Commonwealth of Pennsylvania. ESPI regularly followed up with the PA PUC regarding the status of the acceptance of the Application. On January 6, 2011, ESPI received notification from the PA PUC notifying ESPI that the PA PUC "has extended the period for consideration of the Application for authority to market electricity until further order of the Commission."

During the next month, ESPI continued to provide and answer all questions posed by the PA PUC. After reviewing the PA PUC calendar, ESPI's Application was on the PA PUC Agenda scheduled for February 24, 2011. Shortly before the PA PUC meeting was to begin on February 24, 2011, ESPI became aware that the Application had been rescheduled to the March 17, 2011 PA PUC Agenda.

On March 2, 2011, ESPI received notification from the PA PUC requesting that ESPI discontinue the use of Pennsylvania Gas & Electric as the PA PUC feels the name Pennsylvania Gas & Electric is too similar to Pennsylvania Gas and Water, a retired utility that no longer services customers.

ESPI has patiently waited for the PA PUC to review and approve its Application for license for nearly five months. During this time period, ESPI has promptly answered and supplied the PA PUC with all additional information that has been requested. Additionally, ESPI completed all required documentation and procedures required for application approval. ESPI did not receive any objections from consumers in the Commonwealth of Pennsylvania regarding the use of the name Pennsylvania Gas & Electric.

Prior to the filing of ESPI's Application, ESPI filed with the Pennsylvania Department of State Corporation Bureau the fictitious name Pennsylvania Gas & Electric which was approved by the Pennsylvania Department of State Corporation Bureau on September 18, 2009. A copy of this filing is enclosed for your records and was previously submitted with ESPI's Application.

ESPI currently operate in multiple other states and utilizes similar naming strategy (New Jersey Gas & Electric, Maryland Gas & Electric) and has not incurred any problems or issues. Additionally, ESPI does not understand the PA PUC's concern with the use of Pennsylvania Gas & Electric, as the name would not cause consumers to assume that it is a retired utility that longer operates. Furthermore, during the verification process all customer's participate in, ESPI's verifications would clearly state that Pennsylvania

Gas & Electric is not the utility or affiliated with the utility company, to which a customer is required to answer "yes" to continue with enrollment.

In light of this clarification, we respectfully request that an Electric Generation Supplier License be granted to Energy Services Providers, Inc. d/b/a Pennsylvania Gas & Electric.

At your earliest convenience, please forward to my attention a letter stating the same.

Please do not hesitate to contact me at (305) 947-7880 x4409 or mmann@usgande.com if you should have any questions regarding the enclosed.

Sincerely,

Michelle Mann
