RE: Petition of PPL Electric Utilities Corporation For a Finding That a Building to Shelter Control Equipment at the Beltzville 69-12 kV Substation To Be Constructed in Towamensing Township, Carbon County, Pennsylvania is Reasonably Necessary for the Convenience or Welfare of the Public
Docket No. A-2010-2153807

Dear Secretary Chiavetta:

On January 19, 2010, PPL Electric filed and served the above-referenced Zoning Petition. The Certificate of Service attached to the Zoning Petition inadvertently referenced a letter of notification rather than the Zoning Petition. At an Initial Prehearing Conference, Administrative Law Judge Susan D. Colwell directed PPL Electric to file a certification that the Zoning Petition was properly served in accordance the regulations of the Pennsylvania Public Utility Commission.

In compliance therewith, enclosed please find a certification that PPL Electric Utilities Corporation ("PPL Electric") properly served the above-referenced Zoning Petition on January 19, 2010, on the persons and in the manner indicated. Should you have any questions concerning this matter, please contact me as indicated above or John H. Isom at (717) 612-6032.

Respectfully Submitted,

Christopher T. Wright
