**Re: Request for Extension of Time to File Comments to Tentative Order Regarding
Total Resource Cost (TRC) Test 2011 Revisions
Docket No. M-2009-2108601**

Dear Secretary Chiavetta:

On May 6, 2011, the Pennsylvania Public Utility Commission ("PUC" or "Commission") entered the above-referenced Tentative Order and established a fifteen (15) day period for filing public comments until May 23 and a reply comment due date ten (10) days thereafter on June 2.

By this letter and pursuant to Section 1.15 of Chapter 52 of the Pennsylvania Code (52 Pa. Code §1.15), the Energy Association of Pennsylvania ("Association") for itself, its members and all interested parties requests an extension of time until Friday, June 3 for the filing of comments and until Monday, June 13 for the filing of reply comments.

Given the complexity and breadth of the issues addressed in the Tentative Order, the Association believes that an initial comment period of fifteen days is too brief a period to adequately address the sixteen (16) proposed resolutions of technical issues set forth.

The Association, therefore, seeks an extension of time until Friday, June 3 for itself, its members and all interested parties to file comments and until Monday, June 13 to file reply comments to the instant Tentative Order regarding revisions to the Total Resource Cost Test initially established by Commission Order dated June 23, 2009. The Association contends that, given the intervening Memorial Day holiday, an extension of eleven (11) days is reasonable followed by a ten (10) day period to submit reply comments.

Thank you for consideration of this request.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Donna M.J. Clark", is written over a horizontal line.

Donna M.J. Clark
Vice President and General Counsel
