	:	Docket No. C-2011-2248231
UGI CENTRAL PENN GAS, INC.	:	

PETITION TO INTERVENE

Pursuant to Pa. Code §§ 5.71-5.75, Shipley Energy Company and Shipley Choice LLC (collectively, “Shipley”) hereby file this Petition to Intervene in the above-captioned proceeding.

In support thereof, Shipley states as follows:

1. Shipley is a Pennsylvania corporation with a business address of 500 E. King St., York, PA 17403.
2. Shipley is a licensed natural gas supplier (Docket Nos. A-125015 and A-2010-2201675) that offers service to residential, commercial, industrial and governmental customers in the State of Pennsylvania, and reasonably anticipates offering service to customers in the service territory of UGI Central Penn Gas, Inc. (“UGI Central”) in the future.
3. The Pennsylvania Public Utility Commission recently approved the transfer of Shipley Energy Company’s natural gas license from Shipley Energy Company to Shipley Choice LLC (Docket Nos. A-125015 and A-2010-2201675). Shipley Energy Company and Shipley Choice LLC are still addressing some administrative issues associated with this change. Shipley anticipates that these issues will be resolved by August 1, 2011. Shipley will notify the Pennsylvania Public Utility Commission when the transition is complete.

4. The contact information for Shipley's attorneys is as follows:

Shipley requests that the names and addresses of its attorneys be added to the service lists of the Pennsylvania Public Utility Commission ("PUC" or "Commission") and the parties to this proceeding.

5. On June 1, 2011, UGI Central submitted its annual purchased gas cost ("PGC") filing to the Commission pursuant to Section 1307(f) of the Public Utility Code, 66 Pa. C.S. § 1307(f), which authorizes certain natural gas distribution companies to make annual PGC filings with the Commission to reflect increases or decreases in natural gas costs.

6. Eligibility to intervene in Commission proceedings is governed by the Commission's rule at 52 Pa. Code § 5.72, under which a "right or interest" sufficient to warrant intervention includes an interest which may be directly affected and which is not adequately represented by existing participants, and as to which the petitioner may be bound by the action of the Commission in the proceeding.

7. Consistent with 52 Pa. Code § 5.72, Shipley has a significant interest in this proceeding that is not adequately represented by any other party of record. As a licensed, competitive natural gas supplier that reasonably anticipates offering service in UGI Central's service territory in the future, Shipley has a direct interest in the gas cost and related issues that

¹ A Motion for Admission Pro Hac Vice on behalf of Jason F. Leif will be filed in the above-captioned proceeding to permit Mr. Leif to represent Shipley in this matter before the Pennsylvania Public Utility Commission.

may directly affect its business, including the composition and allocation of UGI Central's purchased gas costs and its supply procurement policies. The gas cost rates that will be set in this proceeding will be those against which Shipley will compete to obtain new customers. Accordingly, Shipley has a unique and substantial interest in this matter that cannot be represented by any other party to this proceeding. Moreover, as a natural gas supplier that reasonably anticipates operating on the UGI Central system in the future, Shipley will be bound by the actions of the Commission in this proceeding. Consequently, Shipley satisfies the standards for intervention under Section 5.72 of the Commission's regulations, 52 Pa. Code § 5.72.

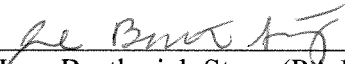

8. Shipley intends to participate actively in this matter, fully examine UGI Central's PGC filing and conduct discovery regarding that filing, and reserves the right to raise issues in this proceeding as the investigation progresses into UGI Central's PGC rates and cost allocations for 2011.

9. Shipley understands that a Prehearing Conference has already been held in this matter and accepts the record as it currently stands.

10. Shipley's further participation in this matter will be done in conjunction with other natural gas suppliers, such as CenterPoint Energy Services, Inc., which has previously intervened in this matter, and with other natural gas suppliers that are petitioning to intervene in this matter. As part of that coordinated effort, Shipley intends to serve discovery requests, file testimony, and otherwise participate in this matter as part of a coordinated group of natural gas suppliers.

WHEREFORE, for the foregoing reasons, Shipley respectfully requests that the Commission grant this Petition to Intervene and provide Shipley with full party status in this proceeding.

Respectfully submitted,
