Re: Modification of EGS license to include residential and small commercial customers for American PowerNet Management, LP. License #A-110173

Dear Ms. Chiavetta:

American PowerNet Management, LP is a licensed Electric Generation Supplier in Pennsylvania. We have been operating within the scope of our license since it was granted to us on October 11, 2007. By this letter we are requesting that our license be modified to include service to residential and small commercial customers. We are requesting this modification primarily to assure compliance with your Secretarial Letter issued on March 25, 2011 regarding requirements applicable to mixed meter scenarios.

We understand that it is not necessary for us to give any public notice of this request. Further, we understand that we are not required to submit and disclosure statements as required by 52 Pa. Code Section 54.5 until such time that we might begin interactions directly with such customers.

Further, we hereby request that our listing that is maintained by the Pennsylvania Public Utility Commission be updated to reflect the above requested rate class modifications.

Please let me know if you need any further information with respect to this matter. I look forward to hearing from you.

Sincerely,

  
R. Scott Helm  
President
