Re: Application of Independence Energy Group LLC for an EGS License;
Docket No. A-2011-XXXXXXX

Dear Secretary Chiavetta:

On behalf of Independence Energy Group LLC ("Independence Energy"), enclosed are the original and one copies of its public application for approval to offer, render, furnish or supply electricity and related services as an electric generation supplier ("EGS") to the public in the Commonwealth of Pennsylvania. Also enclosed is one electronic copy on a CD-ROM disk, and a check in the amount of \$350.00 for payment of the application fee.

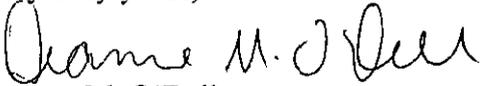

Please note that application responses containing confidential information are marked "**Confidential**" and are being furnished (one copy) in a separate envelope along with the original application. The information marked as confidential includes Appendix F – tax certification (which includes a social security number) and the responses to question numbers 5c (complaints), 7a (collateral bond) and 7b (financial statements). Some of the information relates to the parent of Independent Energy, Energy Plus Holdings, LLC, which is licensed as a electric generation supplier at Docket No. A-2009-2139745.

Independence Energy is not subject to public reporting requirements with respect to its financial information, except to the extent required by federal, state and local taxing authorities, and its tax information is not public. Independence Energy also does not publish or otherwise make available for use by the general public or its competitors its financial or tax information. Accordingly, Independent Energy respectfully requests the Commission to maintain the information stated above as confidential.
