Re: Duquesne Light Company Default Service Program and Competitive
Procurement Plan - Medium Commercial and Industrial Customers
Supplement No. 51 to Tariff Electric – PA. P.U.C. No. 24
Docket No. P-2009-2135500

Dear Secretary Chiavetta:

Enclosed for filing and Commission approval, please find an original and eight (8) copies of Supplement No. 51 to Duquesne Light Company's Tariff Electric, PA. P.U.C. No. 24 issued November 15, 2011, to become effective December 1, 2011. Supplement No. 51, enclosed as Attachment No. 1, adjusts POLR rates semi-annually for medium commercial and industrial customers (metered demand 25-300 kW) for the period December 1, 2011 through May 31, 2012 based on two separate RFPs conducted by Duquesne.

Attachment No. 2 (for medium C & I) is CONFIDENTIAL and provide the calculations to translate the winning wholesale bid prices and reconciliations into retail rates shown in Attachment No. 1. The medium C&I rates, as shown in Attachment No. 2, page 3, reflect an e-factor reconciliation for all prior period RFP filings. These bids were approved by the PUC by Secretarial Letter dated April 28, 2011 (Third Procurement) and November 3, 2011 (Fourth Procurement) in this proceeding, and therefore this is a compliance filing to incorporate those approved bids.

Secretary Rosemary Chiavetta

(D)

The Company will provide default service supply under this Rider by obtaining the requirements from suppliers through competitive procurements using a Request for Proposal (“RFP”) process. The charges for DSS calculated based on the results of the RFP process for service under this Rider will be effective as defined above.

DSS obtained through the RFP process includes energy, capacity, transmission and distribution line losses, congestion and congestion management costs, Alternative Energy Credits (“AECs”) and other such services or products that are required to provide default service to the Company’s commercial and industrial customers including Auction Revenue Rights and Financial Transmission Rights (“ARRs/FTRs”). DSS shall not include transmission service within Duquesne’s zone or ancillary services. Duquesne will be responsible for and continue to provide network integration transmission service, ancillary services, and grid management charges on behalf of all default service load. The applicable charges for these services are defined in Appendix A of this Tariff.

Service under this Rider No. 8 – Default Service Supply shall commence in accordance with the switching protocols in Rule 45.1.

(D) – Indicates Decrease
