RE: C-2011-2223894

Hon Elizabeth Barns,

I am requesting a continuation of the above case number due to medical reason until after the 1<sup>st</sup> of the year please.

On November 10<sup>th</sup>, I was admitted in to the Holy Spirit Hospital, sent there by my family physician, Dr Jeffery Potter because of fluid build and possible Congestive heart failure. The E.R. Dr. admitted me for further testing.

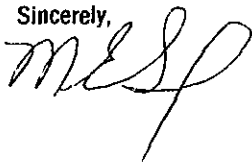

Since that date, I have seen several specialist and are continuing to under go test and procedures not to mention continual follow ups from all the procedures. I also have to see one additional surgeon that I have not gotten an appointment for yet.

If you would please see your way, could you please consider a continuation on this case until I get through some of these medical procedures. If you need further information, I would be glad to provide this information for you.

I am also seeking to find an attorney to assist with this matter as well. I am on disability and finding one that is reasonable priced is difficult.

Thank you for your time and consideration in this matter.

Sincerely,
