The Protestants, above named, supplying household goods in use transportation services within the territory covered by the above-entitled Application, or a portion thereof, by means of motor vehicles, as shown on attached rights, hereby protest approval of the Application above referred to, among others, for the following reasons:

1. The Application prayed for is not necessary or proper for the service, accommodation, convenience or safety of the public.

2. The Application prayed for, if granted would authorize a service which would be unnecessary and destructively competitive with rights, powers and privileges now being exercised by Protestants or which Protestants are authorized to exercise.

PROPOSED AMENDMENT

A RESTRICTION TO THE APPLICATION WOULD BE ACCEPTABLE IF AREAS OF TRANSPORTATION OF HOUSEHOLD GOODS IN USE AND RELATED RIGHTS OF PROTESTANTS WERE ELIMINATED FROM THE REQUESTED AREA.

WHEREFORE, the Protestants respectfully pray that the Application be dismissed.

Respectfully submitted,

Application of Fischer-Hughes
Transport, Inc.

A-00103976, F.1, Am-B

OPINION AND ORDER

BY THE COMMISSION:

Before the Commission for disposition are the Exceptions ("Exc.") of Fischer-Hughes Transport, Inc. ("Applicant") filed on June 6, 1991, to the Initial Decision ("I.D.") of Administrative Law Judge ("ALJ") Herbert Smolen issued on May 17, 1991. The Initial Decision recommended that the Application be denied. No Replies to the Exceptions were received.

Background

By this Application, filed on October 10, 1989, the Applicant sought to obtain the following additional authority:

To transport, as a Class D common carrier, tabulating machines, calculating machines, computers, copying machines, electronic equipment and other business machines and equipment which, because of their unusual nature or value, require the use of special handling and equipment usually employed in moving household goods; and the parts, materials and supplies used in connection therewith;

- (1) between points in the Borough of Doylestown, Bucks County, and within an airline distance of ten (10) statute miles of said Borough, and from points in the said Borough and territory, to points within fifty (50) miles by the usually travelled highways of the limits of said Borough, and vice versa; and
- (2) between points in the Counties of Philadelphia, Delaware, Chester, Montgomery and Bucks, included within a line which connects the municipal boundaries of Chester, West Chester, Paoli, Norristown, Doylestown and Morrisville, but not including said places, to other places in Pennsylvania, and vice versa.

(I.D., p. 1, Exo., p. 1).

Protests were filed by J. C. Services, Inc. ("J.C. Services") and D. Cristinzio, Inc. ("Cristinzio"). The ALJ held hearings on November 13 and 14, 1990, in Philadelphia, Pa. (I.D., p. 2).

In the Initial Decision, the ALJ made numerous Findings of Fact and Conclusions of Law (I.D., pp. 28-34 and 36, respectively), which we incorporate by reference, and adopt, unless otherwise modified or reversed by this Opinion and Order.

Discussion

Before discussing the Exceptions, we will review the requirements of law regarding the granting of an application to provide service as a common carrier. The Public Utility Code states that it shall be lawful to provide service as a public utility only after applying for and obtaining a certificate of public convenience from this Commission. 56 Pa. C.S. Section 1101. Included in the definition of a "public utility" is any person or corporation transporting persons or property as a

be considered as evidence, "proving a useful public purpose or responsive to a public demand or need." If we strictly limit the availability of potential carriers, we frustrate both the need for reliable transportation capacity for Pennsylvania's shippers and the competitive wishes of the state legislature.

This Application for transportation authority is in response to a business decision reflecting a changing market. The Applicant wants to hold itself out as a common carrier of certain products and has presented witnesses expressing a desire for the company to provide the service.

Since no other challenge, as to technical or financial fitness exist, and finding substantial evidence in the record to support favorable disposition of these issues, we find that the Applicant meets the standards under Blue Bird for granting the requested authority.

For these reasons, we conclude that the Application should be granted; THEREFORE,

IT IS ORDERED:

1. That the Exceptions of Fischer-Hughes Transport, Inc. ("Applicant") filed on June 6, 1991, to the Initial Decision of Administrative Law Judge Herbert Smolen issued on May 17, 1991, be, and hereby are, granted, consistent with this Opinion and Order.

2. That said Initial Decision of the Administrative Law Judge be, and hereby is, reversed, consistent with this Opinion and Order.

3. That the Application of Fischer-Hughes Transport, Inc., filed on October 10, 1989, at Docket No. A-00103976, F.1, Am-B be, and hereby is, granted, and that the certificate issued

to the Applicant at Docket No. A-00103976, Folder 1, on March 2, 1982, as amended, be further amended to include the following rights:

To transport, as a Class D common carrier, tabulating machines, calculating machines, computers, copying machines, electronic equipment and other business machines and equipment which, because of their unusual nature or value, require the use of special handling and equipment usually employed in moving household goods; and the parts, materials and supplies used in connection therewith:

4. That the Applicant shall not engage in any transportation granted herein until it shall have complied with the requirements of the Pennsylvania Public Utility Code and the rules and regulations of this Commission relative to the filing or proof of insurance and the filing and acceptance of a tariff establishing just and reasonable rates.
