RE: Frontier Communications Commonwealth Telephone Company
Supplement No. 5, Tariff PA P.U.C. No. 26, Access Service
Revised Executive Overview
efiling Confirmation Number 1475279

Dear Secretary Chiavetta:

On December 15, 2011 Frontier Communications Commonwealth Telephone Company filed with the Pennsylvania Public Utility Commission an Executive Overview that was originally filed with Supplement No. 5 as part of our Voip filing. Please replace this overview with the one that was previously filed on December 15, 2011.

If you have any, questions please call me at (585) 777-4717.

Respectfully Submitted,

/s/ Leslie Zink

EXECUTIVE OVERVIEW

FRONTIER COMMUNICATIONS COMMONWEALTH TELEPHONE COMPANY

Supplement No. 5 -- PA PUC. No. 26

SUBSTANCE

Supplement No. 5 introduces a tariff section on identification and rating of VoIP-PSTN Traffic, in compliance with a recent order issued by the Federal Communications Commission ("FCC").

COMMENTS

The purpose of this filing is to introduce tariff rules on the identification and rating of VoIP-PSTN Traffic. The tariff changes are necessary to comply with recently enacted FCC rules, pursuant to the FCC's November 18, 2011 Order at WC Docket 10-90 et seq. The tariff rules contained in this filing are proposed to become effective on January 1, 2012. Given the FCC's directives regarding the treatment of VoIP traffic, Frontier Communications Commonwealth Telephone Company respectfully submits this compliance filing, consistent with the FCC's Order. The FCC's Report and Order and Further Notice of Proposed Rulemaking, *In the Matter of Connect America Fund*, WC Docket No, 10-90 et al., FCC 11-161 (released Nov. 18 and effective Dec. 29, 2011), §§ 961-963, specifically permits intrastate tariffs to reflect the new, lower intrastate access rate for VoIP traffic and to establish a mechanism to distinguish VoIP from traditional POTS traffic.

Pursuant to the provisions contained in 52 PA Code §53.59 (f) (1), implementation of this filing represents a rate reduction from current non-competitive service rates, and thus may be made on a 10-day notice and review period. Frontier Communications Commonwealth Telephone Company issues this tariff supplement on December 15, 2011 to become effective January 1, 2012, compliant with this statutory notice rule. Frontier Communications Commonwealth Telephone Company believes that this tariff filing constitutes a rate decrease since Frontier Communications Commonwealth Telephone Company's rates applicable to the termination of VoIP-originated intrastate interexchange traffic are higher than Frontier Communications Commonwealth Telephone Company's interstate access charges that will apply in order to comply with the FCC's directive, commencing on January 1, 2012.

It is respectfully requested that this Supplement No. 5 become effective January 1, 2012; Frontier acknowledges the PA PUC has extended the effective date by 30 days pending further review.
