RE: Acct 43270-48013

Dear Customer:

On 10-10-11 a PECO field technician visited the above referenced property in response to a high bill complaint. The technician found the stairwell lights, laundry room light and outdoor lights wired to Apt A. This is known as foreign wiring.

When PECO identifies foreign wiring, Pennsylvania State Law requires the electric service to be transferred into the name of the landlord, until the wiring is properly corrected. (Per Section 1529.1(b) of the Pennsylvania Public Utility Code, 66 Pa. C.S. 1529.1)

Please be advised that the electric service for the account in question will be transferred into your landlord's name effective immediately. If any of the balance due is attributable to the found foreign wiring, the portion of that balance attributable to the foreign wiring will be transferred into your landlord's name as well. The service can only go back into your name if your landlord has an electrician correct the wiring for each apartment.

You have a \$0.00 Balance on your account.

We at PECO Energy want you to be completely satisfied. If you have any further questions or requests, please contact us at 1-800-494-4000.

Cordially,
Tim Fisher
