RE: Act 127

Gentlemen:

Armstrong Gas Company, LLC (AGC) is a small, independent, western PA natural gas and oil production company with 3 employees. All pipelines are plastic production lines feeding gas a short distance from the wellheads to wholesale sale metering points on a LDC (local distribution company) pipeline. As such, AGC does not have any pipelines subject to PHMSA regulations and API RP 80.

Please remove Armstrong Gas Company, LLC from your list of Regulated Operators.

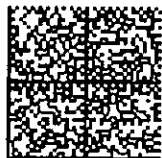

Sincerely,

Arthur W. Bush
President
