Docket No. C-2012-2288383

Dear Secretary:

I am sure PAW did advertise in the local newspaper but I don't get the newspaper. As far as (2) hearings held in Parkesburg Borough I don't remember the Borough notifying the residents of the hearings.

Upon receiving a (notice of proposed waste rate changes) from PAW, I drafted a letter to the PUC dated April 29, 2010 stating my concerns about the rate increase. I followed up to the PUC with an "objection to rate increase form" on May 14, 2010. I don't know whether other residents filed complaints or not.

My major complaint with PAW is the way they figure their FLAT RATE and what customers should pay. Please remember that PUC is not supplying water, they only handle sewer.

If homes should have at least one WATER-CLOSET, ONE LAVATORY, ONE KITCHEN TYPE SINK, and ONE BATHTUB/SHOWER to pass code, then the PAW should structure their WASTEWATER FLAT RATE according to the number of people living on that sight.

Example:

1- occupant ---- One Flat Rate

3- occupants ---- Higher flat rate

4 or more occupants ----even higher flat rate

This way it would be more of an equal rate to all. I do hope PUC will look into having PAW change their way of billing.

Thank you for your time.
