

BEFORE THE  
PENNSYLVANIA PUBLIC UTILITY COMMISSION

Charles Nelson : Docket No. C-2012-2284248

v. :

PECO Energy Company :

RESPONSE TO PRELIMINARY OBJECTIONS  
OF RESPONDENT, PECO ENERGY COMPANY

Complainant respectfully petitions this Honorable Court to consider the following issues which are a part of the Complaint filed in the above matter:

1. Complainant incurred expenses to install an off-peak meter to participate in the off-peak meter discount system offered by Peco, as well as expenses to rewire certain appliances to the off-peak panel and meter, which expenses have not been recouped to date.
2. Complainant will incur additional expenses to remove the off-peak panel and meter and to install a single meter on the home.
3. Complainant will incur additional expenses to rewire and connect to the single/main panel those appliances that are currently connected to the off-peak panel.

WHEREFORE, Complainant requests that your Honorable Commission require PECO Energy Company to reimburse and/or credit Complainant for the above expenses, and/or perform the services necessary to remove the off-peak meter system and install a single meter at Complainant's home.

Respectfully submitted,

Charles Nelson, Complainant
