RE: South Hills Movers, Inc. A-00109506

Dear Mr. Bingaman:

The percentage of increase in hourly rates was determined by using the straight time period under Column 4 using the driver charge, the additional man charge and the 26 foot straight truck. The last increase in hourly rates took effect August 2, 2010. Based on a vehicle, driver and two helpers the van and three man charge was \$118.00 per hour. The proposed van and three man charge is \$122.00 per hour applying a \$33.00 driver charge, \$31.00 for each additional helper and 26 foot straight truck of \$27.00 per hour. Applying the \$4.00 increase divided into \$118.00 equals 3.4% increase. We have to keep the comparison consistent in order to maintain consistency in determining the applicable percentage of increase in hourly rates.

Very truly yours,

Kenneth D. Sataloff  
President
