Rosemary Chiavetta
 Secretary
 Pennsylvania Public Utility Commission
 P.O. Box 3265
 Harrisburg , PA 17105-3265

**Re: BlueStar Energy Services, Inc. d/b/a BlueStar Energy Solutions
 Notice of Change in Ownership Structure**

Dear Ms. Chiavetta:

In accordance with Section 54.34 of the Pennsylvania Code, BlueStar Energy Services, Inc. d/b/a BlueStar Energy Solutions ("BlueStar") hereby notifies the Pennsylvania Public Utility Commission ("Commission") of a change in its ownership structure and other information related to its electric generation supplier ("EGS") license issued in Docket No. A-2009-2132755.

BlueStar is wholly-owned by BSE Holdco, LLC, which is wholly-owned by BlueStar Energy Holdings, Inc. On March 7, 2012, AEP Retail Energy Partners LLC ("AEP Retail Energy") acquired 100% of the issued and outstanding stock of BlueStar Energy Holdings, Inc. In turn, AEP Retail Energy is now an upstream indirect owner of BlueStar. AEP Retail Energy is wholly-owned by AEP C&I Company, LLC, which is wholly-owned by American Electric Power Company, Inc. (collectively, "AEP entities"). An organization chart depicting BlueStar's new corporate structure is attached hereto as Attachment A.

Although BlueStar is now part of the AEP system, BlueStar anticipates continued operation under its current name, honoring of its current contracts, and provision of service under the same terms and conditions as currently offered to customers. BlueStar continues to demonstrate the financial and technical fitness required by the Commission to be licensed as an EGS. However, the personnel that BlueStar relies upon to meet the technical qualifications have changed and BlueStar provides in Attachments B and C its revised list of officers and personnel that meet these qualifications. In addition, in light of its new ownership structure, BlueStar provides in Attachment D the names of its affiliated companies currently doing business in state and out of state and affiliate(s) currently applying to do business in Pennsylvania, as well as whether the affiliate(s) are jurisdictional public utilities. Finally, BlueStar provides in Attachment E an updated Supplier Contact List. Aside from the changes provided in this

correspondence, the information previously provided to the Commission by BlueStar has not changed.

Please return a date-stamped copy of this letter using the enclosed self-addressed, stamped, envelope at your earliest convenience. Thank you for your assistance, and please contact me if you have any questions regarding this matter.

Respectfully submitted,

James E. Guy

BlueStar Energy Services, Inc. Technical Fitness

BlueStar continues to demonstrate technical fitness commensurate with services provided. The individuals listed below provide BlueStar with significant experience in the competitive electric industry and business management and will be directly involved in managing the day-to-day retail business of BlueStar in order to provide continuous and reliable services to BlueStar's customers in Pennsylvania. Each individual's experience is explained further in the paragraphs that follow and/or the attached CVs.

Greg B. Hall, Vice President

Phone: (614) 583-6408

Email: gbhall@aep.com

Greg Hall is responsible for oversight and direction of BlueStar's unregulated wholesale marketing and trading, asset management, and retail operations. Mr. Hall is also a Vice President and responsible for the same functions at AEP Retail Energy Partners LLC ("AEP Retail Energy"), a position he has held since October 2006. Prior to that, Mr. Hall held positions of increasing responsibility with AEP Retail Energy's Commercial Operations group. From November 2002 to September 2006, he was Vice President – Energy Marketing. From January 2000 through November 2002, he was promoted from originator to manager to director of Energy Marketing. He was the first energy associate with AEP Energy Services from 1998 to 2000, and began his career as a research associate with AEP Service Corporation in 1997. Mr. Hall holds a Master of Arts degree in geography from The Ohio State University, and a Bachelor of Science degree in geography from Brigham Young University.

James Petersen, Chief Operations Officer & President, Supply

Phone: (312) 628-0783

Email: jpetersen@bluestarenergy.com

Since March 2011, James Petersen has managed BlueStar's market entry, customer service, billing, reporting, and other operational activities. Prior to joining BlueStar, Mr. Petersen enjoyed an extensive career with Motorola, Inc., first as an Electrical Engineer and ultimately as Senior Director of Sales, where he was responsible for all commercial and operational activities to launch mobile devices with the largest carrier in North America. Mr. Petersen holds a Six Sigma Master Black Belt certification, a BS in Electrical and Computer Engineering from the University of Illinois, and an MBA from the Kellogg Graduate School of Management at Northwestern University. A copy of Mr. Petersen's CV is attached.

he guided BlueStar through federal and state regulatory certification proceedings. A copy of Mr. Casadont's CV is attached.

Kevin Weber, Director of Business Operations

Phone: (614) 583-3913

Email: ktweber@aep.com

Kevin Weber has over 6 years of experience in the energy industry. He began his career with AEP Retail Energy as a Business Analyst and has held several positions, including Energy Trader, Energy Trading & Marketing Analyst, and Manager of Business Operations. Mr. Weber was named Manager of Retail Business Operations at AEP Retail Energy in January 2010, and is responsible for the day-to-day operations of the company as well as supporting all other areas of the business. Mr. Weber will have the same responsibilities at BlueStar. Mr. Weber holds a degree in Business Administration from the University of Buffalo.

Madelon A. Kuchera, Assistant General Counsel & Vice President, Regulatory Affairs

Phone: (312) 628-8613

Email: mkuchera@bluestarenergy.com

Madelon oversees the regulatory affairs for BlueStar Energy. Throughout her career, Madelon has played a leading role in federal and state policy decisions that first introduced competition to local telephone and wireless markets, and most recently to the energy utility markets. As an advocate for customer choice in the traditional utility space, Madelon has worked for both private and government sectors and her span of experience covers policy in 50 states. Madelon holds a BS in Economics and Masters in Economics/Finance from the University of Wyoming and a JD from the John Marshall Law School.

Mary Jane Ryan, Director of Utility Services

Phone: (312) 628-8665

Email: mjryan@bluestarenergy.com

Mary Jane Ryan has over 14 years of experience in the retail electric industry. Since 2008, she has served as Operations Manager and now Director of Utility Services at BlueStar where she manages the company's contract administration, reporting of sales activities, and billing processes, and has assisted in developing new billing and customer management systems. From 1997 to 2008, Ms. Ryan was with Commonwealth Edison ("ComEd"), holding the positions of Assistant Trader – Wholesale Energy Trading, Billing Analyst, and Account Manager – Electric Supplier Services. In the latter position, she guided new retail electric suppliers and meter service providers through the ComEd Open Access registration process, managed retail electric supplier accounts, and provided consultation to and business solutions for retail electric suppliers and meter service providers. She has a Bachelor of Science in Marketing from DePaul University. A copy of Ms. Ryan's CV is attached.

AMERICAN ELECTRIC POWER COMPANY INC (AEP), Columbus, Ohio

Led the team that took AEPRE from the business plan development phase to a \$70+ million business in its first full year of operations. Responsible for day-to-day operational oversight; financial performance; and development and implementation of the company's strategic plan. Organizational reports include Sales, Marketing, Customer Enrollment, Billing and Customer Service.

Part of AEPEP's Management Team, which developed and implemented the company's strategic plan. Maximized financial results through risk identification and the development and pricing of creative structures. Managed the performance and development of the Risk Control and Structuring groups. Created guidelines for process controls to be implemented by those groups. Acted as the primary interface between AEPEP and other AEP groups including Accounting Policy, Market Risk Oversight, Information Technology and Operations.

Managed AEPSC's East Structuring group. Responsibilities included providing pricing and transaction analysis to AEP's East Origination staff, workload prioritization and development of junior staff. Successful projects included: full requirements transactions; fixed shape energy sales; and standard offer service auctions.

GENON ENERGY INC. (Formerly RELIANT RESOURCES INC), Houston, Texas

Provided analysis to Reliant's Trading and Operations groups to facilitate the monetization of Reliant's 15,000+ MW generation portfolio. Group projects included: the refinement of plant operational costs; asset bidding and hedging optimization studies; congestion management and fundamental market analyses.

Manager, Wholesale Power Structuring

September 1999 – May 2002

Managed Reliant's Northeast Structuring desk contributing to Origination and M&A activities. Origination projects included: pricing of full requirements transactions; fixed shape energy sales; spark spread options; fixed strike options and long-term fixed price energy sales.

COLUMBIA ENERGY POWER MARKETING CORP (CEPM), Houston, Texas

Manager, Wholesale Power Structuring

February 1999 – August 1999

Worked with the Trading and Asset Development groups to value illiquid power assets. Strategic focus centered on leveraging Columbia's gas and power expertise in gas / power tolling arrangements and asset management opportunities.

Power Trader

November 1997 – January 1999

Managed the trading portfolio for the "Into Cinergy" and "PJM Western Hub" trading hubs. Analyzed opportunities to create value through the assumption of risk, including short and long-term physical transactions, options, and spreads. Additional responsibilities included providing hedging recommendations and supply acquisition for Columbia's PECO retail program.

DYNEGY INC (Formerly NGC CORPORATION), Houston, Texas

Analyst & Analyst II, Risk Control

August 1996 - November 1997

Performed the daily mark-to-market and income reconciliation for NGC's Canadian natural gas joint venture and Electric Clearinghouse (ECI). Developed a mark-to-market portfolio to capture and manage NGC's long-term Canadian Dollar exposure.

After printing this label:

1. Use the 'Print' button on this page to print your label to your laser or inkjet printer.
2. Fold the printed page along the horizontal line.
3. Place label in shipping pouch and affix it to your shipment so that the barcode portion of the label can be read and scanned.

Warning: Use only the printed original label for shipping. Using a photocopy of this label for shipping purposes is fraudulent and could result in additional billing charges, along with the cancellation of your FedEx account number.

Use of this system constitutes your agreement to the service conditions in the current FedEx Service Guide, available on fedex.com. FedEx will not be responsible for any claim in excess of \$100 per package, whether the result of loss, damage, delay, non-delivery, misdelivery, or misinformation, unless you declare a higher value, pay an additional charge, document your actual loss and file a timely claim. Limitations found in the current FedEx Service Guide apply. Your right to recover from FedEx for any loss, including intrinsic value of the package, loss of sales, income interest, profit, attorney's fees, costs, and other forms of damage whether direct, incidental, consequential, or special is limited to the greater of \$100 or the authorized declared value. Recovery cannot exceed actual documented loss. Maximum for items of extraordinary value is \$500, e.g. jewelry, precious metals, negotiable instruments and other items listed in our Service Guide. Written claims must be filed within strict time limits, see current FedEx Service Guide.
