RE: Act 129 Energy Efficiency and Conservation Program Phase II  
Docket Number M-2012-2289411

Dear Secretary,

This purpose of this letter is to express support for the continuation of Act 129 Energy Efficiency and Conservation Program without interruption for an additional five years.

While we have seen many of our clients benefit from this program, we are convinced that there are still a significant number of private and public facilities where a sizeable reduction in electric demand is possible.

With electric rates declining, we are concerned that conservation efforts will become a lower priority for many facilities without the financial incentives provided by the Act 129 programs.

Sincerely,

Donald L. Culbertson  
Senior VP
