APPENDIX B

(C)

RATE R-TOU - RESIDENTIAL SERVICE TIME-OF-USE
(Applicable to Rate Schedules RS, RH and RA)**AVAILABILITY**

Available only to residential customers who voluntarily enrolled in the Company's Time-of-Week ("TOU-1") or Time-of-Day ("TOU-2") Smart Sense Pilot Programs as of June 1, 2011. The Company's filings and the Commission's Orders at Docket No. P-2009-2149807 provide details about the Smart Sense Pilot Programs. Appendix B shall be effective June 1, 2012, through September 30, 2012, after which it will be terminated.

MONTHLY RATE**Customer Charge**

The Customer Charge of the participants' applicable Rate Schedule (RS, RH or RA) shall apply.

Supply — TOU-1 Pilot Program

The supply charges of the participants' applicable Rate Schedule (RS, RH or RA) shall apply.

The TOU-1 pilot program is a time-of-week plan. This pilot is a temporary program that will evaluate the participants' ability to reduce their weather normalized electricity use on weekdays during the months of June 2012 through September 2012, as compared to their weather normalized usage during the same time period in 2011.

The TOU-1 pilot program is designed to provide participants with an incentive to reduce their weather normalized weekday usage during the months of June 2012 through September 2012 from the weather normalized baseline consumption mark set during those months in 2011. Effective June 1, 2012, if a participant can reduce their usage by 10% or more below their 2011 baseline kilowatt-hour usage, the participant will receive an additional 10% credit on the supply portion of their bill. As an added incentive, participants who reduce their monthly consumption by at least 10% for all four 2012 months – June 2012 through September 2012 – will receive an additional 10% off of their September 2012 supply charges.

Participation in the TOU-1 pilot program is available only to those residential default service customers who voluntarily pre-enrolled in the Company's TOU-1 pilot program as of June 1, 2011. No additional customers will be permitted to participate in the TOU-1 pilot program.

Supply — TOU-2 Pilot Program

The TOU-2 pilot program is a time-of-day plan. This pilot is a temporary program that will evaluate the participants' ability to shift energy usage away from peak periods of electricity demand and evaluate their response to rates that change throughout the day.

The TOU-2 pilot program is designed to provide optional pricing for electric generation service to encourage these participants to shift their electricity usage from on-peak periods when wholesale electricity demands and prices are higher, to off-peak periods when demands and prices are lower.

APPENDIX B – (Continued)

(C)

RATE R-TOU - RESIDENTIAL SERVICE TIME-OF-USE – (Continued)
(Applicable to Rate Schedules RS, RH and RA)**Supply — TOU-2 Pilot Program – (Continued)**

The supply charges of the participants' applicable Rate Schedule (RS, RH or RA) shall apply. Effective June 1, 2012, the following supply charges shall be available to participants in the TOU-2 pilot program. The participants must select one of the time-of-day options prior to May 1, 2012. Participants cannot switch options once a selection has been made. Participants who do not make a selection by May 1, 2012, will be placed on the Time-of-Day 1 rate. Effective October 1, 2012, the supply charges of the participants' applicable Rate Schedule (RS, RH or RA) shall apply.

	Time-of-Day 1	Time-of-Day 2
On-Peak Period	Weekdays 1 p.m. to 6 p.m.	Weekdays 4 p.m. to 6 p.m.
Off-Peak Period	12:00 a.m. – 1:00 p.m. and 6:00 p.m. – 12:00 a.m. weekdays and all weekend hours*	12:00 a.m. – 4:00 p.m. and 6:00 p.m. – 12:00 a.m. weekdays and all weekend hours*
On Peak Rate	15.72 cents/kWh	31.44 cents/kWh
Off Peak Rate	6.13 cents/kWh	5.86 cents/kWh

*Independence Day (Wednesday, July 4, 2012) and Labor Day (Monday, September 3, 2012) will be considered off-peak all day.

The purpose of selecting on-peak and off-peak prices is to encourage customers to reduce demand during periods of high system usage and to provide participants who can reduce demand at those times an opportunity for savings.

Participation in the TOU-2 pilot program is available only to those residential default service customers who, as of June 1, 2011, voluntarily pre-enrolled in the Company's TOU-2 pilot program and had an Alpha electronic meter installed at their residential premise. No additional customers will be permitted to participate in the TOU-2 pilot program.

Distribution

The Distribution Charge of the participants' applicable Rate Schedule (RS, RH or RA) shall apply.

Transmission

The Transmission Charge (Appendix A of this Tariff) of the participants' applicable Rate Schedule (RS, RH or RA) shall apply.

METERING

Participants in the TOU-2 pilot program granted the Company permission to install an Alpha electronic meter capable of recording and storing energy consumption in hourly intervals on their home. The Company installed these Alpha meters in the spring of 2011 at no cost to the pilot program participants. The Alpha meter shall remain installed until replaced by the Company or at the participants' request.
