COMPETITIVE LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

---

**SECTION 4 - DESCRIPTION OF SERVICES****4.1 SERVICES**

The Carrier's Local Telephone Service enables the Customer to:

- Place or receive calls to any calling Station in the local calling area, as defined herein;
- Access basic 911 Emergency Service if available in the Customer's area;
- Where available, place or receive calls to 800 telephone numbers.

The Carrier's service can not be used to originate calls to other telephone companies' caller-paid information services (e.g., 900, 976).

**4.1.1 Local Exchange Service**

Local Exchange Service is a switched, intrastate, telecommunications service which permits customers to establish communications between two locations within the Customers' local calling area. Local Exchange Service allows customers to place calls within the local calling area, to access "911" and/or "E 911" service, if available, in the Customer's local calling area and to place calls to toll-free "800" or "888" numbers. Service will be charged on a monthly basis and a Customer will have unlimited use of the aforementioned service for that month. For an additional charge, Customers may also purchase custom services such as call waiting, call forwarding, three-way calling, speed dial caller ID, and non-published number service.

Local Exchange Service does not include any long distance service or other toll services. The following types of calls and services will be blocked by the Carrier: long distance (e.g. "1+#" or "0+#" calls); collect calls; operator-assisted calls; third number billed calls; directory assistance; or any service that may be billed to Customer's telephone number (e.g. "900" and "976" calls).

**4.1.2 Toll Service**

The Company's Basic Local Service neither includes direct-dialing distance calling nor any other toll services. Customer who desire intraLATA and interLATA toll service have the following options:

- A. Purchase Services from the Company's Interexchange Tariff
- B. Contracting directly with a long distance service provider;
- C. Using prepaid calling cards; or
- D. Using post-paid calling cards.

The Company will provide, at no additional charge, via Customer Service, information and counseling to its customers on how to obtain long distance service.

4.2.1 Carrier reserves the right to limit the length of any listing in the directory by the use of abbreviations when, in its judgment, the clearness of the listing or the identification of Customer is not impaired thereby. Where more than one line is required to properly list Customer, no additional charge is made.

4.2.2 Carrier may refuse a listing which is known not to constitute a legally authorized or adopted name, obscenities in the name, or any listing which, in the opinion of Carrier, is likely to mislead or deceive calling persons as to the identity of the listed party, or is a contrived name used for advertising purposes or to secure a preferential position in the directory or is more elaborate than is reasonably necessary to identify the listed party. **4.5.1 Per-Call Blocking**

Per-Call Blocking will prevent the display of Customers' telephone numbers on outgoing calls. This feature may be utilized at any time through the activation of a special code prior to dialing an outgoing call. Customers requesting Per-Line Blocking will prevent the display of their telephone numbers on all outgoing calls. Customers who use either per-call blocking or line blocking may be unable to complete calls to Caller ID Number/Caller ID Name subscribers who have activated the Anonymous Call Rejection feature of Caller ID Number/Caller ID Name Service. If a customer using blocking calls a Caller ID Number/Caller ID Name subscriber who has activated Anonymous Call Rejection, he/she will hear an announcement that the Caller ID Number/Caller ID Name subscriber is not accepting blocked calls. There are several ways to complete a call to a Caller ID Number/Caller ID Name subscriber who has activated Anonymous Call Rejection: (1) place the call through an operator; (2) place the call using a calling card; or (3) place the call without blocking. Options (1) and (2) involve charges in addition to the cost of the call.

**4.6 SPECIAL PRICING ARRANGEMENTS - INDIVIDUAL CASE BASIS (ICB)**

In lieu of the rates otherwise set forth in this Tariff, rates and charges, including installation, special construction, and recurring charges, may be established at negotiated rates on an Individual Case Basis (ICB), taking into account such factors as the nature of the facilities and services, the costs of construction and operation, the volume of traffic commitment, and the length of service commitment by the Customer, as long as the rates and charges are not less than Carrier's costs of providing the service. Such arrangements shall be considered Special Pricing Arrangements, the terms of which will be set forth in individual contracts or Customer Term Agreements. Specialized Pricing Arrangement rates or charges will be made available to similarly-situated Customers on comparable terms and conditions.
