Re: C-2012-2297124

Dear Secretary Chiavetta,

I wish to add the following information to my referenced complaint.

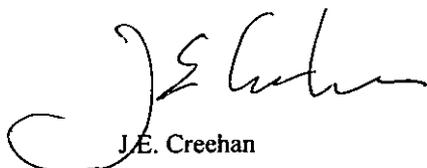

During my investigation of Duquesne Light Co. (DLC) and their interactions with the PUC, I have discovered that certain members of the Commission are retirees of PA utilities. They have voted for unwarranted rate increases for these greedy companies and to benefit their pensions. Some votes by certain PUC members are a clear violation of PA law. I intend to pursue this matter in a different venue.

In the current matter, I again ask the Commission to require DLC to reimburse me the remainder of the gross over billing of my electric usage. I have clearly demonstrated this discrepancy.

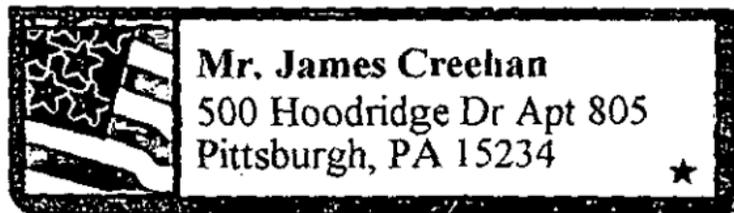

Other issues that have not been responded to:

1. The failure of the PUC to explain the reason my request to have the PUC test my meter as provided for by the PA Code was denied.
2. An answer from you to my request of 3-2-12 for the name and title of the writer of a PUC letter to me.

Sincerely,

J.E. Creehan
