**RE: Commonwealth Telephone Company d/b/a Frontier Communications Commonwealth Telephone Company Revisions to Supplement No. 6, Tariff PA P.U.C. No. 2, Access Service FCC ICC Reform Compliance Filing Effective: July 3, 2012**

Dear Secretary Chiavetta:

Commonwealth Telephone Company d/b/a Frontier Communications Commonwealth Telephone Company filed with the Pennsylvania Public Utility Commission, the Original Supplement No. 6 on May 23<sup>rd</sup> 2012.

Since this time it has come to our attention by commission staff that our numbers were incorrect on page 17-5 and also that page 3-4 was not numbered correctly. This supplement corrects those errors. Frontier asks to please replace these pages with the ones that were filed on May 23<sup>rd</sup>, 2012.

This supplement is an accurate representation of the company's official tariff currently on file with the PUC and provided on the Internet.

If you have any, questions please call me at (570) 631-5366.

Respectfully Submitted,

*/s/ Michael P. Sharry*

ACCESS SERVICE

3. Carrier Common Line Access Service (Cont'd)

3.5 Carrier Charges

The Carrier Charge is implemented as a result of access reform as directed by the PA PUC via Docket Nos. P-00991648 and P-00991649 entered September 30, 1999. The Telephone Company's Carrier Charge as directed by the PA PUC in the same dockets, is as set forth in Section 17.1.1 following.

The Carrier Charge is tariffed on a per line bases and is assessed on all intrastate toll carriers based on each toll carrier's intrastate toll minutes that are originated and terminated in the Telephone Company's territory relative to the total intrastate toll minutes that are originated and terminated in the Telephone Company's territory. An Originating Carrier Charge is assessed based on each toll carrier's originating toll minutes and a Terminating Carrier Charge is assessed based on each toll carrier's terminating toll minutes.

The Telephone Company at its sole discretion may convert the Carrier Charge per line to an equivalent rate per minute. Should the Telephone Company choose to use an equivalent rate per minute, the Carrier Charge revenue will be reviewed and the Carrier Charge adjusted as necessary to ensure the appropriate recovery.
