NOTICE OF PROPOSED RATE CHANGES

To Our Customers:

Nantmeal Warwick Sewer Company (NWSC) provided sanitary sewer service to our first customer in June of 2003, and now provides sewer service to approximately 120 people through 33 connections to homes and businesses. We have enjoyed 9 years of service to our community without a change in our rates.

NWSC is filing a request with the Pennsylvania Public Utility Commission (PUC) to amend our service rates. This change will increase our income by an estimated \$9,871 per year to pay for the increased cost of operations. The typical sewer bill for a residential customer using 11,200 gallons per quarter would increase from \$75.82 to \$148.20 per quarter or by 95.5%. The typical sewer bill for a non-residential customer using 57,900 gallons per quarter would increase from \$216.86 to \$428.40 per quarter or by 97.5%.

Should you desire to determine how the requested rate filing may affect your sewer bill, contact Nantmeal Warwick Sewer Company at 610-286-5115. The rates requested by NWSC may be found in Supplement No. 1 to Tariff Wastewater - Pa. P.U.C. No. 1. You may examine the material filed with the PUC which explains the details of the requested changes and the reasons for the same. A copy of this material is kept at our office.

The state agency which approves rates for public utilities is the Public Utility Commission. The PUC will examine the requested rate increase and can prevent existing rates from changing until it investigates and/or holds hearings on the request. The company must prove that the requested rates are reasonable. After examining the evidence, the PUC may grant all, some, or none of the request or may reduce existing rates.

The PUC may change the amount of the rate increase requested by the utility. As a result, the rate charged to you may be different than the rate requested by the company and shown above.

There are three ways to challenge a company's request to change its rates:

- 1) You can file a formal complaint. If you want a hearing before a judge, you must file a formal complaint. By filing a formal complaint, you assure yourself the opportunity to take part in any hearings convened concerning the rate increase request. All complaints should be filed with the PUC before September 30, 2012. If no formal complaints are filed, the Commission may grant all, some or none of the request without holding a hearing before a judge.
- 2) You can send the PUC a letter stating your objections to the requested rate increase. Sometimes there is information in these letters that makes us aware of problems with the company's service or management. This information can be helpful when we investigate the rate request.

Send your letter or request for a formal complaint form to the Pennsylvania Public Utility Commission, Post Office Box 3265, Harrisburg PA 17105-3265.

- 3) You can be a witness at a public input hearing. Public input hearings are held if the Commission opens an investigation of the company's rate request and if there is a large number of customers interested in the case. At these hearings you have the opportunity to present your views in person to the PUC judge hearing the case and the company representatives. All testimony given under oath becomes part of the official rate case record. These hearings are held in the service area of the company.
