RE: Response to Commissions' request of customer billing information

Dear Ms. Chiavetta,

In response to the Commission's question on whether SES will be paying customer bills, we submit the following reply: All billing is done between the Supplier and/or Utility and the Customer, and we do not collect or remit payments in any fashion. Also included in this packet are the hard copies of our bonding letters received from various NGDC's, which were also sent electronically. With the submission of these final three bonding letters, all bonding letters have been submitted to the Commission. Please include this information with our application, Docket # A-2012-2301488.

With this submission, to the best of my knowledge, all filing requirements have been met in order to complete the processing of our application to supply natural gas as a broker/agggregator.

If you have any questions with respect to this filing, please contact the undersigned at your earliest convenience.

Respectfully yours,

SECURE ENERGY SOLUTIONS, LLC

East Longmeadow, MA 01028

Dear Mr. Schmidt:

This letter serves as notification that Peoples TWP LLC does not Secure Energy Solutions LLC to provide a security or credit enhancement at this time. Our decision is based on the fact that your company is not currently operating, and has no immediate plans to operate, a Non-Priority One Pool or a Priority One Pool on the Peoples TWP system. However, if in the future your company desires to establish a Non-Priority One Pool or a Priority One Pool on the Peoples TWP system, it may be required to establish a security or credit enhancement based on the terms set forth under Paragraphs 19 and 20 of the Rules and Regulations of the Peoples TWP Tariff.

If you have any questions feel free to contact me at 724-431-4935 or by email at Andrew.Wachter@peoplestwp.com.

Sincerely,

Andrew Wachter

Dear Mr. Schmidt:

Equitable Gas Company LLC ("Equitable Gas") is aware that Secure Energy Solutions LLC has applied with the Pennsylvania Public Utility Commission to supply natural gas services within Equitable Gas' service market.

In that Secure Energy Solutions intends to only provide natural gas aggregating, brokering and consulting services to end-users on behalf of third party suppliers, Equitable Gas will not require Secure Energy Solutions, LLC to provide credit assurances to solicit these services in our service area. Equitable Gas' position is based upon the knowledge Secure Energy Solution LLC will not take title to the delivered gas.

If you have any questions, please contact Matthew Morris at 412-395-3915.

Sincerely,

A handwritten signature in black ink, appearing to read 'Matthew Morris', written over a horizontal line.

Re: Secure Energy application to serve as a broker/marketer/aggregator

Dear Mr. Schmidt

UGI has reviewed the license application of Secure Energy Solutions, LLC ("Secure Energy"). Based on the application and discussions with you, UGI Utilities has concluded that Secure Energy will not need to post security with UGI-Central Penn Gas, UGI-Penn Natural Gas or UGI Utilities, Inc. This is based on the declaration that Secure Energy will not be taking title to gas or directly serving end use customers and that Secure Energy will be acting in coordination with a licensed Natural Gas Supplier who has been approved to serve in the applicable UGI service territories and who has posted the required financial security as specified in the respective UGI tariffs. If Secure Energy wishes to directly serve Choice customers in any of UGI service territories in the future as a natural gas supplier, it will have to post security as specified in the respective tariffs prior to the commencement of the service.

Please feel free to contact me with any additional questions that you may have.

Sincerely,

David E. Lahoff
