Dear Secretary Chiavetta:

Enclosed herewith are two (2) copies of individual Tariff Freight Pa. P.U.C. No. 3 cancelling Tariff Freight Pa. P.U.C. No. 2, issued by Read's Moving Systems, Inc. and sent to you for filing in compliance with the requirements of the Pennsylvania Public Utility Law.

Read's Moving Systems, Inc. in the proposed tariff has increased the Declared Value provisions from 30¢ per pound per article to 60¢ per pound per article in accordance with amended Pennsylvania Public Utility Commission declared value order effective in February, 2007. Item 1100 on Page 4 of tariff provides for a new service "flat screen tv service". Section 2 has been amended to reflect a change in the traveling charge. The justification for changing this note is that Read's has multi-county operating authority. The current travel charges provisions only allow Read's to apply a one hour travel charges which is causes losses to occur regularly due to the amount of travelling with labor from carrier's terminal to the original point of origin of the shipment. Lastly, on Page 6 Read's has increased the warehouse handling charge from \$5.50 to \$6.00 per 100 pounds that is part of its "warehouse" operation.

There is no "general" increase in rates such as the hourly rates shown on Page 5, Section 2.

In accordance with 52 Pa. Code 23.67 "Financial data" one (1) percent of Read's gross Pa. revenues compared to revenues generated from the non-general increase in rates will reflect that revenue being significantly less than those revenues from line-haul rates from hourly rates.
