4. Applicant is an individual operating under his own name which need not be registered.

5. Applicant holds no authority from this Commission. Applicant currently operates as a common carrier under authorities issued by the Interstate Commerce Commission at MC-158012 and Sub numbers thereto in the transportation of general commodities to and from points in Pennsylvania as well as points in the United States.

6. A list of the motor vehicle equipment presently operated by Applicant is attached as Exhibit B.

7. Applicant is financially able to furnish adequate service under the authority sought in this proceeding and in evidence thereof, attaches as Exhibit C, his financial statement as of December 31, 1984.

8. The nature and character of the service to be rendered by Applicant as a common carrier is as set forth on Exhibit A attached hereto and thereby made a part hereof.

9. (a) If Applicant seeks authority as a common carrier, state information why the proposed service is necessary or proper for the service, accommodation and convenience of the public.

(1) Applicant has received requests for the proposed service.

(2) Applicant presently operates as a common carrier in interstate commerce serving numerous shippers in Pennsylvania. Expansion of Applicant's

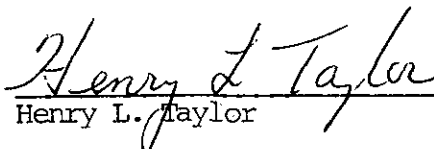

authority in Pennsylvania to serve these additional shippers is anticipated and common carrier authority would be most appropriate in view of this anticipated expansion.

(3) Applicant's support for this application is expected to come from both shippers and receivers of the specified commodities and contract carrier authority would not be appropriate in that circumstance.

10. Applicant is not now engaged in any intrastate transportation of property for compensation in Pennsylvania (except as authorized by the Certificates of Public Convenience or Permits specified in paragraph 5), and will not engage in the transportation for which approval is herein sought unless and until authorization for such transportation shall be received.

11. If the evidence presented in support of this application shows that Applicant, although applying for a Certificate of Public Convenience as a common carrier, would be entitled to a Permit as a contract carrier, or if applying for a Permit, would be entitled to a Certificate, as aforesaid, Applicant agrees that the application may be considered by the Commission to be for the appropriate form of authority.

WHEREFORE, Applicant prays your Honorable Commission to issue a Certificate of Public Convenience under the provisions of the Pennsylvania Public Utility Law, evidencing its approval of the right to operate motor vehicles for the transportation of property, as described on Exhibit A attached hereto and thereby made a part hereof.

Henry L. Taylor

By this application, HENRY L. TAYLOR seeks the following authority:

"To transport, as a common carrier by motor vehicle, (1) logs, pallets, lumber, and lumber byproducts, between points in the counties of Adams, York and Fayette, and from points in said counties, to points in Pennsylvania, and vice versa; and (2) property for Knouse Foods, Inc., between points in Adams and Franklin Counties, and from said counties, to points in Pennsylvania, and vice versa."
