DOCUMENT  
FOLDER

Application of J. H. Bennett Storage & Carting, Inc., a corporation of the Commonwealth of Pennsylvania, for amendment to his common carrier certificate, which grants the right, inter alia, to transport, by motor vehicle, household goods in use from points in the city of Erie, Erie County, and within twenty-five (25) miles by the usually traveled highways of the limits of said city, to points in Pennsylvania, and vice versa: SO AS TO PERMIT the transportation of household goods, personal effects and property used or to be used in a dwelling when a part of the equipment or supply of such dwelling, in connection with a removal by a householder from one house or dwelling to another; furniture, fixtures, equipment and the property of stores, offices, museums, institutions, hospitals or other establishments, when a part of the stock, equipment or supply of such stores, offices, museums, institutions, hospitals or other establishments, in connection with the removal from one location to another; and articles, including objects of art, furniture displays, musical instruments and exhibits, which, because of their unusual nature or value, require specialized handling and equipment usually employed in moving household goods; (1) between points in the city of Erie, Erie County, and within twenty-five (25) miles by the usually traveled highways of the limits of said city; and (2) from points in the city of Erie, Erie County, and within twenty-five (25) miles by the usually traveled highways of the limits of said city, to points in Pennsylvania, and vice versa.

O R D E R

BY THE COMMISSION:

This matter comes before the Commission by an application filed on September 23, 1988, and published in the Pennsylvania Bulletin of October 15, 1988. There are no protests and the record is now certified to the Commission for its decision without oral hearing. A verified statement was submitted by the applicant and two supporting shippers.

DISCUSSION AND FINDINGS

J. H. Bennett Storage & Carting, Inc. (or applicant) has held "short form" household goods authority since the issuance of a certificate of public convenience to it on July 16, 1980. The authority gives the applicant the right to transport household goods in use between points in the city of Erie, Erie County, and within 25 miles by the usually traveled highways of the limits thereof, and from points in that area, to points in Pennsylvania, and vice versa.

The applicant has operated under the assumption that the authority was equivalent to the "broad form" household goods commodity description and has therefore transported commodities which fall under all three parts of the broad form authority. The applicant, through its counsel, was recently advised by this Commission that in order to avoid further confusion concerning proper interpretation, it should file an application for broad form authority. The immediate application has been placed before us accordingly. There is no intention by the applicant to expand the existing service area.

The applicant is supported by John Shifler, operations manager for Assembly Machines, Inc., located in Erie. He states that the company would utilize the applicant on those occasions when employees are transferred to other Pennsylvania facilities. Approximately one move a year is involved.

William Lorei, service manager for Erie Copy Products, has also supported the application; however, its service needs extend beyond the service that can be provided under a grant of broad form moving authority. Its needs entail the hauling of various types of copying machines between two stores, one located in Erie and the other in Meadville, Crawford County, and from the stores to other commercial establishments. Our decision in Pennsylvania Moving & Storage Association, Petition for Declaratory Order, Docket No. P-850009 (adopted March 20, 1986), concluded that the transportation of business machines, new or used, is not within the scope of household goods authority. We must discount the support of this shipper accordingly. It is to be noted that the applicant has other authority under which it can satisfy this shipper's needs.

In addition, the applicant has submitted a traffic exhibit listing representative movements of household goods, furniture, store fixtures and property, during a four-month period in 1988. These shippers would continue to utilize the applicant as the occasions arise.

It cannot be argued that the support for this application is not minimal. We are aware of the difficulty in generating meaningful support for moving authority. The applicant's problem in this respect is compounded by the fact that it has been operating under the assumption that it had all of the authority already, and its customers do not fully comprehend the basis for the application. This application has been filed for the sole purpose of obtaining authority which it believed, in good faith, that it already had. There is no broadening of the geographical area in which it is now providing service.

We find:

1. That the applicant possesses the experience and equipment to render the proposed service.
2. That a public need for the proposed service does exist.
3. That the transportation of new and used business machines does not fall within the scope of broad form household goods authority.
4. That approval of the application is necessary for the accommodation and convenience of the public; THEREFORE,

IT IS ORDERED: That the application be and is hereby approved and that the certificate issued to the applicant on July 16, 1980, as amended, be further amended so that Right No. 2 and Right No. 3 contained in our order adopted April 18, 1980 shall now read as follows:

To transport, as a Class D carrier, household goods, personal effects and property used or to be used in a dwelling when a part of the furnishings, equipment or supplies of such dwelling, in connection with the removal by a householder from one house or dwelling to another; furniture, fixtures, equipment and the property of stores, offices, museums, institutions, hospitals or other establishments, when a part of the stock, equipment or supply of such stores, offices, museums, institutions, hospitals or other establishments, in connection with the removal from one location to another; and articles, including objects of art, furniture, displays, musical instruments and exhibits, which, because of their unusual nature or value, require specialized handling and equipment usually employed in moving household goods; between points in the city of Erie, Erie County, and within 25 miles by the usually traveled highways of the limits of said

city, and from points in said area, to points in Pennsylvania, and vice versa.

IT IS FURTHER ORDERED: That the applicant shall not engage in any transportation granted herein until it shall have complied with the requirements of the Pennsylvania Public Utility Code and the rules and regulations of the Commission relative to the filing and acceptance of a tariff establishing just and reasonable rates.

IT IS FURTHER ORDERED: That in the event the applicant has not, on or before sixty (60) days from the date of the service of this order, complied with the requirements hereinbefore set forth, the application shall be dismissed without further proceedings.

IT IS FURTHER ORDERED: That the authority granted herein, to the extent that it duplicates authority now held by or subsequently granted to the applicant, shall not be construed as conferring more than one operating right.

BY THE COMMISSION,

A handwritten signature in cursive script, appearing to read "Jerry Rich", is written over a large, stylized "X" mark.

ORDER

PA PUBLIC UTILITY COMMISSION  
SECRETARY'S BUREAU

BY THE COMMISSION:

This matter comes before the Commission on an application filed July 26, 1991. Public notice of the application was given in the Pennsylvania Bulletin of August 17, 1991. No protests were filed. The unopposed application is certified to the Commission for its decision without an oral hearing.

J. H. Bennett Storage & Carting, Inc. (applicant) is a Pennsylvania corporation domiciled at 602 East 25th Street, Erie, Erie County. By the instant application, the applicant seeks to acquire by transfer two common carrier rights issued at A-00090475, F. 2 to C. P. Flaugh Company, Inc. (transferor). The transferor is retaining five common carrier rights.

In accordance with the agreement of sale, the applicant will acquire the two common carrier rights for the total consideration of \$5,000. No tangible assets are involved. The total consideration will be tendered the transferor within 30 days of the final order.

A review of the record before us indicates that the applicant possesses the requisite experience, equipment and financial capacity to provide the proposed service.

*Applicant's 12 RW BH 8/10/91 A-00101944 F0051  
AMF*

The authority to be transferred has been operated by the transferor, therefore, it is presumed that there is a continuing public need, which may be overcome only by evidence to the contrary. In re: Byerly, 440 Pa. 521 (1970); Hostetter v. Pa. P.U.C., 160 Super. Ct. 94 (1947). Since the record is void of any such evidence, this presumption of continuing public need applies in this transfer proceeding.

The two common carrier rights which the applicant is to acquire authorize the transportation of household goods and office furnishings, in use. To eliminate from the transferor's authority any authorization to transport said commodities of household goods and office furnishings, in use, the transferor has agreed to condition the five rights being retained. The condition will exclude from the retained rights any authority to transport household goods and office furnishings in use.

We find:

1. That the applicant is fit, willing and able to provide the service proposed.
2. That transfer of the authority is in the public interest and is necessary for the continued accommodation and convenience of the public;  
THEREFORE,

IT IS ORDERED: That the transfer application be and is hereby approved and that the certificate issued to the applicant on July 16, 1980, as amended, be further amended to include the following rights:

To transport, as a Class D carrier, household goods and office furnishings, in use, between points in the city of Meadville, Crawford County, and within twenty (20) miles by the usually traveled highways of the limits of said city.

To transport, as a Class D carrier, household goods and office furnishings, in use, from points in the city of Meadville, Crawford County, and within twenty (20) miles by the usually traveled highways of the limits of of the said city to other points in Pennsylvania, and vice versa.

subject to the following conditions:

1. That the approval hereby given is not to be understood as committing the Commission, in any proceedings that may be brought before it for any purpose, to fix a valuation on the rights to be acquired by applicant from the present certificate holder equal to the consideration to be paid therefor, or equal to any value that may be placed thereon by

applicant, or to approve or prescribe rates sufficient to yield a return thereon.

2. That applicant shall not record in its utility accounts any amount representing the rights herein granted in excess of the actual cost of such rights to the original holder thereof.
3. That the applicant charge to Account 1550, Other Intangible Property, \$5,000, being the amount of the consideration payable by it for the rights and going concern value attributable thereto; less any amount recorded under condition 2 above; and subject to further adjustment due to any normal interim transactions to the date of actual transfer.
4. That the certificate holder shall not transfer, sell or in any way convey any of its outstanding capital stock to any individual, partnership, corporation or any entity, without the prior filing of an application and approval thereof by the Commission under 66 Pa. C.S.A. §1102(3).

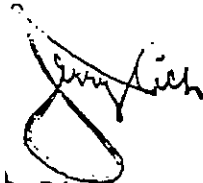

IT IS FURTHER ORDERED: That the authority granted herein, to the extent that it duplicates authority now held by or subsequently granted to the carrier, shall not be construed as conferring more than one operating right.

IT IS FURTHER ORDERED: That the applicant shall not engage in any transportation granted herein until it has complied with the requirements of the Pennsylvania Public Utility Code and the rules and regulations of this Commission relative to the filing and acceptance of a tariff establishing just and reasonable rates.

IT IS FURTHER ORDERED: That in the event said applicant has not, on or before sixty (60) days from the date of the service of this order, complied with the requirements hereinbefore set forth, the application shall be dismissed without further proceedings.

IT IS FURTHER ORDERED: That upon compliance with this order, the second and third rights granted the transferor, C. P. Flaugh Company, Inc., at A-00090475, F. 2, contained in the Report and Order dated September 30, 1963, be cancelled.

BY THE COMMISSION,

A handwritten signature in dark ink, appearing to read "Jerry Rich", written over a circular stamp or seal.

Mr. James J. McNulty  
Secretary  
Pennsylvania Public Utility Commission  
P.O. Box 3265  
Harrisburg, PA 17105-3265

**DOCUMENT  
FOLDER**

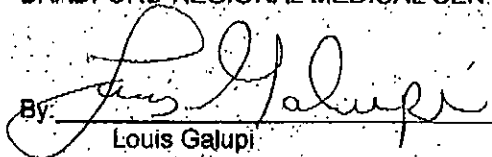

Dear Mr. McNulty:

Bradford Regional Medical Center (BRMC) is a full service hospital located in Bradford, McKean County. BRMC sometimes arranges for the relocation of hospital personnel, including doctors and members of the hospital staff. In that regard, we have frequently utilized J.H. Bennett Moving & Storage, Inc. (Bennett) to provide interstate household goods transportation to us. We are unable to utilize Bennett for intrastate moves since we understand that Bennett does not have intrastate operating authority involving McKean County. We are supporting Bennett's request to obtain intrastate authority. BRMC will require Bennett's intrastate service in the future. This intrastate service could involve relocations from McKean or Venango Counties or even from Erie or Crawford Counties. BRMC understands that Bennett's intrastate authority in Erie County is presently limited to service from points located within 25 highway miles of the city of Erie and that its intrastate authority in Crawford County is limited to service from points located within 20 highway miles of the city of Meadville. It is entirely possible that BRMC could require Bennett's service if it were granted the PUC authority that it is seeking in its application. One particular situation where we could use Bennett's service is where we have someone relocating from out of state to temporary quarters in the Bradford area and then this individual would subsequently need to move from the temporary quarters to permanent quarters in the Bradford area.

BRMC supports the application of Bennett to expand its household goods authority.

Sincerely yours,

BRADFORD REGIONAL MEDICAL CENTER

By:   
Louis Galupi  
Director of Materials Management
