RE: R.C. 24095

Dear Mr. Chavey:

I am writing to advise that we did indeed err in failing to get the P.U.C. numbers on our truck bearing License No. AA39888. We have enclosed photographs of that vehicle which illustrate that the proper certificate of public convenience number is now affixed thereon.

Thank you for your continued cooperation. We will ensure that all units are properly identified before placing them in service in the future.

Sincerely,

McNAUGHTON BROS., INC.
