Subject: Appeal for Aged Vehicle Inspection, 52 Pa. Code § 5.44(a): PUC License # A-00122591

Dear Sir/Ma'am,

I received notice from the PUC that my application for exemption to the 8 year vehicle limitation, pursuant to 52 Pa. Code § 29.333(e) was rejected for various reasons. The rejection letter was dated February 28, 2013, yet postmarked on Saturday, March 3, 2013. I received it on Tuesday, March 5, 2013. Therefore, I am responding as quickly as possible after gathering the necessary information to request an appeal. Given I did not receive the letter until 6 days after it was written, I am requesting that an extension be granted for my right to appeal within 20 days of the date on the PUC's letter. I am appealing the decision, based upon my right pursuant to 52 Pa. Code § 5.44(a) for various reasons beyond my control.

First, I was deployed to the Middle East from December 2011 to August 2012 as the U.S. Army Medical Logistics Staff Officer (Major) overseeing the drawdown of medical equipment out of Iraq and Afghanistan. Prior to leaving, I contacted the PUC for guidance about my business during deployment and received verbal instruction from Officer Don Adomaitis to suspend my insurance so that my PUC authority would be temporarily revoked (exhibit #1). I was told when I return, I could resume my insurance and my PUC license would be restored (this worked). However, when the PUC contacted me two weeks ago about my request for a vehicle age waiver, Mr. Rodney D. Bender could find no record of my suspension or reinstatement of service even though I have several letters from the PUC to that effect (exhibit #1 and exhibit #2). Officer Adomaitis, sent me a letter dated April 3, 2012 which stated I could complete the forms "upon your return and prior to beginning service" (exhibit #3). I returned home on September 3, 2012, took leave, and was released from active duty shortly thereafter. Thus, I was not available to complete the necessary forms during the PUC's July-September timeframe to request an aged vehicle exemption.

Tragically, at the same time, my two year old daughter was diagnosed with Leukemia. Her health and welfare took precedence over all other matters. Therefore, I did not resume limousine operations until January 2013 once her condition had stabilized. I did, however, market the business and accept reservations for 2013. I never have wedding bookings in the winter months, so therefore, on February 28th, 2013, I submitted my request for an age vehicle exemption when I was ready to resume service for the spring of 2013 (as Officer Adomaitis instructed). After speaking with Mr. Rodney Bender, Transportation Manger, who was exceedingly helpful and very professional I might add, I learned that my application was incomplete and would be rejected because it was not submitted between July and September of 2012 (while I was deployed).

Classic British Limousine Service, Inc.

435 Winding Stream Road, Spring City, PA 19475

I am a one car/one owner operation. This is the only vehicle I have to serve my clients. I have numerous bookings for 2013 and will disappoint many brides and grooms if I am not able to operate. The damage to the business reputation would be irreparable.

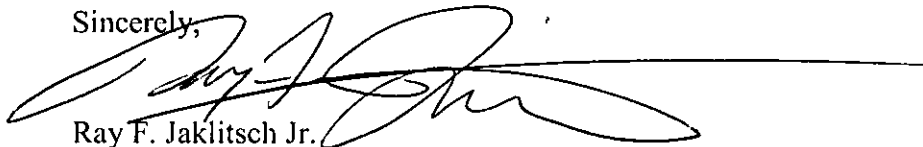

The deposits I collect from clients have been used for business operations (phone, advertising, insurance, etc). If this appeal is not granted, I will be forced to use personal assets (not business assets) to pay back the clients their deposits. Financially, I am not able to do that without impacting the welfare of my daughter and her Leukemia treatment. Due to my daughter's illness, my wife resigned from work to be her primary care giver so my job is the only income used to pay medical expenses. I receive and pay medical bills costing hundreds, sometimes thousands of dollars every month that are not covered by my insurance policy. It would cause not only undue hardship to me and the business, but paying back these deposits would cause me to not be able to provide the medical care my daughter needs to fight her Leukemia. Additionally, I might be forced to file for bankruptcy in order to dissolve the business.

For the reasons mentioned above – military deployment and service to the country during the July – September filing period, my daughter's medical situation, and the business/financial hardship caused by not granting an exemption – I implore the Commission to grant an age vehicle exemption for my car for 2013. I will start the process NOW for 2014 exemption.

Enclosed is a revised request for a waiver, proof of vehicle ownership, photographs on a CD, financial information of the business, maintenance records, reasons why the vehicle is worthy of consideration, and the name, address, and phone number of a certified inspection station. The vehicle was registered in 2005 and inspected numerous times by the PUC. In 2007 after one of the inspections, Officer William Lark, badge #50, contact me about the license plates and said they should be limousine plates, but he talked to his supervisor and said they would not make me change them. Apparently, that decision was never recorded at the PUC. However, as a good faith gesture, I have re-registered the vehicle as a limousine at a cost \$95.

Thank you for your support of veterans and consideration of this request. Please contact me at (484) 363-1462 if you have any questions, concerns, or need additional information. I look forward to your decision.

Sincerely,

Ray F. Jaklitsch Jr.

NOTICE OF SUSPENSION OF PUC Limousine OPERATING AUTHORITY
Effective 06/13/2012
For expiration/cancellation of
Liability

As of 06/13/2012, your PUC operating authority is **SUSPENDED** due to your failure to maintain evidence of insurance on file with this Commission. **You may not operate while under suspension.** Operating while under suspension is subject to prosecution, which may result in cancellation of your authority.

Your insurer must file appropriate evidence of insurance with the Commission. Appropriate evidence of insurance is a FORM E for bodily injury and property damage liability insurance, a FORM H for cargo liability insurance, or a Surety Bond. These forms must be filed with the PUC by the Insurance Company or Agent, **not by you.** Incomplete forms, incorrect forms and fax transmittals will **NOT** be accepted. The Commission does permit electronic filing of these forms.

If this Commission does not receive acceptable evidence of insurance within ten (10) days of the suspension date, a Complaint will be instituted against you for failure to comply with this Commission's insurance requirements. The Complaint may result in the cancellation of your PUC operating authority.

If your insurer timely files appropriate evidence of insurance, you will receive Notice from the PUC authorizing you to resume operations. **You may not resume operations until you receive this Notice from the Commission.**

Please notify the Commission if you are no longer in business.

If you believe that you have received this Notice of Suspension in error or if you have any questions regarding the suspension of your authority, please contact the Motor Carrier Services and Enforcement Division in the Bureau of Investigation and Enforcement at 717-787-
