v.

Philadelphia Gas Works

Docket No. C – 2013 – 2356586

**Philadelphia Gas Works
Preliminary Objections and Motion to Strike**

Pursuant to 52 Pa. Code §5.101, the Philadelphia Gas Works (“PGW”) hereby files its Preliminary Objection to the Complaint filed in the above captioned matter on the grounds that the Commission is without authorization to grant the Complainant’s request from compensation for damages as the sole form of relief, and that the Complaint includes impertinent matter in its requested relief and therefore moves to strike the Complainant’s request for compensation.

In support of its preliminary objection and motion to strike, PGW hereby avers the following:

1. On or about March 11, 2013, the Complainant filed a formal complaint against PGW with the Commission under the above captioned matter, regarding termination of gas service at 1306 Broad Street, 1, Philadelphia, Pennsylvania (Subject Property).

The Complainant avers that PGW did not send proper notification before terminating the Complainant’s gas service. By way of further answer, PGW issued a shut off notice on July 24, 2012 with a shut off date of on or up to sixty days after August 6, 2012.

2. The Complainant requests relief in the form of compensation to the property owner and contractor for costs incurred to comply with PGW for arbitrary service restoration refusal and compensation for damages to health.

3. Pursuant to 52 Pa. Code §5.101, PGW objects to the Complaint on the grounds that the Commission is without authorization to grant the Complainant’s request from compensation for damages, which is the sole form of

relief requested. PGW therefore moves to strike the Complainant's request for compensation as "impertinent matter" pursuant to 52 Pa. Code §§5.101(a) (1) and (2).

4. Under the Commission's Rules of Administrative Practice and Procedure at 52 Pa. Code §5.101, the treatment of preliminary objections is comparable to that of Pennsylvania civil practice. (See: Order Sustaining Preliminary Objection in *Paul W. Fricker v. PECO Energy Company*, Docket No. C-2009-2094757 (May 21, 2009))

The Commission's regulations provide, in relevant part:

(a) *Grounds.* Preliminary objections are available to parties and may be filed in response to a pleading except motions and prior preliminary objections. Preliminary objections...must state specifically the legal and factual grounds relied upon and be limited to the following:

...
(2) Failure of a pleading to conform to this chapter or the inclusion of scandalous or impertinent matter.
52 Pa. Code §5.101(a) (2)¹

5. In this case, as the Complaint states that he believes PGW refused to restore service with no debt owed. By way of further answer, PGW attempted to restore service multiple times but could not due to hazards found on the chimney and flue pipe.

6. In the instant matter, the Complainant simply wishes the Commission to order PGW to compensate for time and health damages.

7. Pennsylvania appellate courts have repeatedly held that the Commission is without power to award monetary damages to a private litigant. *Feingold v. Bell of Pennsylvania*, 383 A.2d 791 (1977); *West Penn Power Co. v. Pa. Public Utility Commission*, 479 A.2d 548 (1984)

8. A prayer for relief in the form of monetary compensation for damages is not recoverable in the cause of action before this Commission as the Commission is without authorization to award compensation for damages. The

¹ 52 Pa. Code §5.101(a) (2) emphasis added.

request for relief is irrelevant to the instant cause of action and therefore “impertinent matter” within the use and meaning of 52 Pa. Code §5.101(a) (2).

9. The Complainant’s request for compensation for damages as the sole form of relief should be stricken from the Complaint pursuant to Pa. Code §5.101(a) (2).

Wherefore, PGW respectfully requests that this Commission sustain PGW’s preliminary objection to the Complaint and strike off the requested relief as impertinent matter.

Respectfully submitted,
