v.

Philadelphia Gas Works

Docket No. C – 2013 – 2358033

**Philadelphia Gas Works
Preliminary Objections and Motion to Strike**

Pursuant to 52 Pa. Code §5.101, the Philadelphia Gas Works (“PGW”) hereby files its Preliminary Objection to the Complaint filed in the above captioned matter on the grounds that the Commission is without authorization to grant the Complainant’s request from compensation for damages as a form of relief, and that the Complaint includes impertinent matter in its requested relief and therefore moves to strike the Complainant’s request for compensation.

In support of its preliminary objection and motion to strike, PGW hereby avers the following:

1. On or about April 4, 2013, the Complainant filed a formal complaint against PGW with the Commission under the above captioned matter, regarding the possible termination of gas service at 15147 Kallaste Drive, Philadelphia, Pennsylvania (Subject Property) due to meter access being needed.

2. The Complainant avers that PGW should not subject Customers who have a defective meter to the automated telephone system and be issued shut off notice threats but rather give the Customers a direct line to contact a knowledgeable representative.

3. The Complainant requests relief in the form of compensation for the costs of missing one day of work as the Complainant believed his gas was days away from being shut off.

4. Pursuant to 52 Pa. Code §5.101, PGW objects to the Complaint on the grounds that the Commission is without authorization to grant the Complainant’s request from compensation for damages, which is part of relief

requested. PGW therefore moves to strike the Complainant's request for compensation as "impertinent matter" pursuant to 52 Pa. Code §§5.101(a) (1) and (2).

5. Under the Commission's Rules of Administrative Practice and Procedure at 52 Pa. Code §5.101, the treatment of preliminary objections is comparable to that of Pennsylvania civil practice. (See: Order Sustaining Preliminary Objection in *Paul W. Fricker v. PECO Energy Company*, Docket No. C-2009-2094757 (May 21, 2009))

The Commission's regulations provide, in relevant part:

(a) *Grounds.* Preliminary objections are available to parties and may be filed in response to a pleading except motions and prior preliminary objections. Preliminary objections...must state specifically the legal and factual grounds relied upon and be limited to the following:

...
(2) Failure of a pleading to conform to this chapter or the inclusion of scandalous or impertinent matter.
52 Pa. Code §5.101(a) (2)¹

6. In the instant matter, the Complainant simply wishes the Commission to order PGW to compensate for time missed from work.

7. Pennsylvania appellate courts have repeatedly held that the Commission is without power to award monetary damages to a private litigant. *Feingold v. Bell of Pennsylvania*, 383 A.2d 791 (1977); *West Penn Power Co. v. Pa. Public Utility Commission*, 479 A.2d 548 (1984)

8. A prayer for relief in the form of monetary compensation for damages is not recoverable in the cause of action before this Commission as the Commission is without authorization to award compensation for damages including compensation for a day off of employment. The

¹ 52 Pa. Code §5.101(a) (2) emphasis added.

request for relief is irrelevant to the instant cause of action and therefore “impertinent matter” within the use and meaning of 52 Pa. Code §5.101(a) (2).

10. The Complainant’s request for compensation for damages as the sole form of relief should be stricken from the Complaint pursuant to Pa. Code §5.101(a) (2).

Wherefore, PGW respectfully requests that this Commission sustain PGW’s preliminary objection to the Complaint and strike off the requested relief as impertinent matter.

Respectfully submitted,
