Re: **PP&L, Inc.**  
**Supplement No. 5 to**  
**Tariff-Electric Pa. P.U.C. No. 201**

Dear Mr. McNulty:

Enclosed for filing on behalf of PP&L, Inc. ("PP&L") are an original and eight (8) copies of Supplement No. 5 to PP&L's Tariff-Electric Pa. P.U.C. No. 201 ("Tariff 201") and an original and eight (8) copies of the data required by 52 Pa. Code § 53.52(a). The enclosed supplement restores several provisions of Tariff Rule 2 (Requirements for Service) that appeared in PP&L's Tariff-Electric Pa. P.U.C. No. 200, but which were inadvertently omitted from Tariff 201.

PP&L is requesting that Supplement No. 5 be permitted to become effective retroactively on January 1, 1999, the initial effective date for Tariff 201.

As indicated on the attached certificate of service, copies of this filing have been served upon the Office of Consumer Advocate, the Office of Small Business Advocate and the Commission's Office of Trial Staff.

If you have any questions regarding the enclosed filing, please call.

Very truly yours,

Paul E. Russell

**RULE 2 - REQUIREMENTS FOR SERVICE (CONTINUED)****D. SECURITY DEPOSITS**

(1) The Company may require deposits or guarantees satisfactory to the Company as security for the payment of bills for service provided by the Company before it commences or continues to supply service. The need for deposit or guarantee is based on the credit risk of the individual. For residential service, the deposit may be provided by a qualified composite credit group of which the individual is a member, or a guarantee may be provided by a third party who is a responsible customer.

(2) The amount of deposit shall not exceed Company's estimate of the average bill for service provided by the Company for one billing period plus one month, with a minimum of \$5.00. Interest at the rate of the average of 1-year Treasury Bills for September, October, and November of the previous calendar year, is paid annually on all deposits made to secure the payment of bills for service provided by the Company. Interest ceases upon refund of deposit or upon discontinuance or termination of service, whichever occurs first.

(3) Deposit, plus accrued interest, is refunded to a residential ratepayer under the following conditions: (C)

- (a) When a ratepayer establishes credit.
- (b) When a ratepayer becomes a bona fide member of a composite credit group.
- (c) When a ratepayer substitutes third-party guarantor (up to the limits of the guarantee).
- (d) When a ratepayer is not currently delinquent and has paid bills for service for 12 consecutive months without having service terminated and without having become delinquent on more than 2 occasions.

(4) Deposit, plus accrued interest, is applied to the outstanding balance of any ratepayer upon termination or discontinuance of service and remainder is refunded. (C)

(5) In the event of a termination of service, the Company may transfer to a third-party guarantor's account any portion of the unpaid balance which is equivalent to the deposit requirement of the ratepayer. (C)

**E. RIGHT-OF-WAY** (C)

The customer (or property owner) shall provide, without charge to the Company, right-of-way across property owned or controlled by customer (or property owner) and locations and housings which are suitable in the opinion of Company for the installation of Company's facilities. Suitable right-of-way includes, but is not limited to, providing ground line clearing of trees, brush and other obstructions, rough grading, and access by mechanical construction equipment.

(Continued)

---

**RULE 2 - REQUIREMENTS FOR SERVICE (CONTINUED)****F. ACCESS****(C)**

Company employees shall have access at all reasonable hours to customer's premises, without charge, for the purpose of inspecting installations, installing meters, reading, testing, removing, replacing or otherwise maintaining or disposing of any of Company's property.

**G. CUSTOMER'S INSTALLATION****(C)**

The customer's service facilities shall be installed and maintained in accordance with Company's "Rules for Electric Meter and Service Installations". In residential and commercial complexes and multiple occupancy buildings, the owner is responsible for all service entrance facilities including individual service wiring where separate metering for each tenant is required by the Company. Company is not responsible for customer's wiring or equipment. Company is willing to assist customer with advice without incurring responsibility. Company may refuse to commence or continue service when, in Company's opinion, customer's installation is not in proper operating condition or does not conform to this tariff.

**H. RESIDENTIAL BUILDING ENERGY CONSERVATION****(C)**

Prior to receiving any electric service to or for new or renovated residential buildings or additions thereto as defined by Pa. Building Energy Conservation Act as amended by Act 98 of 1985, applicants for service must provide the Company with the compliance certification copy, or photocopy thereof, of the Pa. Department of Community Affairs (DCA) "Notice of Intent to Construct" form as processed by DCA or the local municipality having jurisdiction.

**PP&L, Inc.**  
**Supplement No. 5 to**  
**Tariff-Electric Pa. P.U.C. No. 201**

---

**Data Required by**  
**52 Pa Code § 53.52(a)**

---

(1) The specific reasons for each change.

Response: In its restructuring filing at Docket No. R-00973954, PP&L, Inc. ("PP&L") replaced its Tariff-Electric Pa. P.U.C. No. 200 ("Tariff 200") with Tariff-Electric Pa. P.U.C. No. 201 ("Tariff 201"). At that time, PP&L inadvertently omitted from Tariff 201 the following subsections of Tariff Rule 2 (Requirements for Service):

- D(3) through (5) (Security Deposits),
- E (Right-of-way),
- F (Access),
- G (Customer's Installation) and
- H (Residential Building Energy Conservation).

The purpose of Supplement No. 5 to Tariff 201 is to restore the portions of Tariff Rule 2 that were inadvertently omitted. The text of those tariff provisions appearing in Supplement No. 5 to Tariff 201 is identical to the text of those provisions as it appeared in Tariff 200. The provisions to be restored are identified in the right-hand margin of the tariff sheets by a "C." This is for

identification purposes only and does not indicate that any change has been made in the tariff language.

PP&L is requesting that Supplement No. 5 to Tariff 201 be permitted to become effective retroactively on January 1, 1999, the initial effective date for Tariff 201. PP&L has reviewed its files of pending formal customer complaints to the Commission and has confirmed that none of those pending cases raise issues that would be affected by the provisions being restored in Tariff 201 by this filing.

- (2) The total number of customers served by the utility.

Response: As of December 31, 1998, PP&L, Inc. ("PP&L") served 1,256,922 customers.

- (3) A calculation of the number of customers, by tariff subdivision, whose bills will be affected by the change.

Response: None. See response to Section 1.

- (4) The effect of the change on the utility's customers.

Response: None. See response to Section 1.

- (5) The direct or indirect effect of the proposed change on the utility's revenue and expenses.

Response: None. See response to Section 1.

- (6) The effect of the change on the service rendered by the utility.

Response: None. See response to Section 1.

- (7) A list of factors considered by the utility in its determination to make the change. The list shall include a comprehensive statement about why these factors were chosen and the relative importance of each. This subsection does not apply to a portion of a tariff change seeking a general rate increase as defined in 66 Pa.C.S. § 1308 (relating to voluntary changes in rates).

Response: The only factor considered by PP&L is the need to maintain a complete set of rules in its currently effective retail tariff.

- (8) Studies undertaken by the utility in order to draft its proposed change. This paragraph does not apply to a portion of a tariff change seeking a general rate increase as defined in 66 Pa.C.S. § 1308.

Response: None. See response to Section 1.

- (9) Customer polls taken and other documents which indicate customer acceptance and desire for the proposed change. If the poll or other documents reveal discernible public opposition, an explanation of why the change is in the public interest shall be provided.

Response: None. See response to Section 1.

- (10) Plans the utility has for introducing or implementing the changes with respect to its ratepayers.

Response: Because Supplement No. 5 simply restores existing tariff rules, there is no need to introduce or implement the changes.

- (11) FCC, FERC or Commission orders or rulings applicable to the filing.

Response: None.

Re: **PP&L, Inc.**  
**Supplement No. 5 to**  
**Tariff-Electric Pa. P.U.C. No. 201**

ORIGINAL

Dear Mr. McNulty:

On May 17, 1999, PP&L, Inc. ("PP&L") filed Supplement No. 5 to PP&L's Tariff-Electric Pa. P.U.C. No. 201 ("Tariff 201"). Supplement No. 5 proposed to restore several provisions of Tariff Rule 2 (Requirements for Service) that appeared in PP&L's Tariff-Electric Pa. P.U.C. No. 200, but which were inadvertently omitted from Tariff 201. PP&L requested that Supplement No. 5 be permitted to become effective retroactively on January 1, 1999, the initial effective date for Tariff 201.

PP&L has discussed Supplement No. 5 with the Office of Consumer Advocate ("OCA"). Pursuant to the OCA's request, PP&L is proposing to add the following language to Rule 2(D)(3)(d) and (D)(4) and (D)(5) – "for service provided by the Company." Enclosed are an original and eight (8) copies of a mark-up of Supplement No. 5 showing this additional clarifying language. The purpose of this language is to clarify that these paragraphs apply only to service provided by PP&L, not to service provided by other entities. It is identical to language that currently appears in Rule 2(D)(1) and (D)(2).

PP&L believes that the addition of this clarifying language will satisfy the OCA's concerns regarding Supplement No. 5. PP&L is not aware of concerns raised by any other party.

Accordingly, PP&L requests that Supplement No. 5, as modified consistent with this letter, be permitted to become effective retroactively on January 1, 1999, the initial effective date for Tariff 201.

## RULE 2 - REQUIREMENTS FOR SERVICE (CONTINUED)

## D. SECURITY DEPOSITS

(1) The Company may require deposits or guarantees satisfactory to the Company as security for the payment of bills for service provided by the Company before it commences or continues to supply service. The need for deposit or guarantee is based on the credit risk of the individual. For residential service, the deposit may be provided by a qualified composite credit group of which the individual is a member, or a guarantee may be provided by a third party who is a responsible customer.

(2) The amount of deposit shall not exceed Company's estimate of the average bill for service provided by the Company for one billing period plus one month, with a minimum of \$5.00. Interest at the rate of the average of 1-year Treasury Bills for September, October, and November of the previous calendar year, is paid annually on all deposits made to secure the payment of bills for service provided by the Company. Interest ceases upon refund of deposit or upon discontinuance or termination of service, whichever occurs first.

(3) Deposit, plus accrued interest, is refunded to a residential ratepayer under the following conditions: (C)

- (a) When a ratepayer establishes credit.
- (b) When a ratepayer becomes a bona fide member of a composite credit group.
- (c) When a ratepayer substitutes third-party guarantor (up to the limits of the guarantee).
- (d) When a ratepayer is not currently delinquent and has paid bills for service provided by the Company for 12 consecutive months without having service terminated and without having become delinquent on more than 2 occasions.

(4) Deposit, plus accrued interest, is applied to the outstanding balance for service provided by the Company of any ratepayer upon termination or discontinuance of service and remainder is refunded. (C)

(5) In the event of a termination of service, the Company may transfer to a third-party guarantor's account any portion of the unpaid balance for service provided by the Company which is equivalent to the deposit requirement of the ratepayer. (C)

## E. RIGHT-OF-WAY (C)

The customer (or property owner) shall provide, without charge to the Company, right-of-way across property owned or controlled by customer (or property owner) and locations and housings which are suitable in the opinion of Company for the installation of Company's facilities. Suitable right-of-way includes, but is not limited to, providing ground line clearing of trees, brush and other obstructions, rough grading, and access by mechanical construction equipment.

(Continued)

---

**RULE 2 - REQUIREMENTS FOR SERVICE (CONTINUED)****F. ACCESS****(C)**

Company employees shall have access at all reasonable hours to customer's premises, without charge, for the purpose of inspecting installations, installing meters, reading, testing, removing, replacing or otherwise maintaining or disposing of any of Company's property.

**G. CUSTOMER'S INSTALLATION****(C)**

The customer's service facilities shall be installed and maintained in accordance with Company's "Rules for Electric Meter and Service Installations". In residential and commercial complexes and multiple occupancy buildings, the owner is responsible for all service entrance facilities including individual service wiring where separate metering for each tenant is required by the Company. Company is not responsible for customer's wiring or equipment. Company is willing to assist customer with advice without incurring responsibility. Company may refuse to commence or continue service when, in Company's opinion, customer's installation is not in proper operating condition or does not conform to this tariff.

**H. RESIDENTIAL BUILDING ENERGY CONSERVATION****(C)**

Prior to receiving any electric service to or for new or renovated residential buildings or additions thereto as defined by Pa. Building Energy Conservation Act as amended by Act 98 of 1985, applicants for service must provide the Company with the compliance certification copy, or photocopy thereof, of the Pa. SECRETARY'S BUREAU

Dear Mr. McNulty:

Pursuant to the Public Utility Commission's ("PUC" or the "Commission") Secretarial Letter, dated July 26, 1999, in the above-captioned proceeding, PP&L, Inc. ("PP&L") hereby files an original and eight (8) copies of Supplement No. 7 to PP&L's Tariff-Electric Pa. P.U.C. No. 201 ("Tariff 201").

In accordance with the PUC's Secretarial Letter, Supplement No. 7 supercedes and cancels Supplement No. 5 to Tariff 201, and will be effective upon one-day's notice to the Commission, i.e., on August 11, 1999.

Pursuant to 52 Pa. Code § 1.11, the enclosed document is to be deemed filed on August 10, 1999, which is the date it was deposited with an overnight express delivery service as shown on the delivery receipt attached to the mailing envelope.

In addition, please date and time-stamp the enclosed extra copy of this letter and return it to me in the envelope provided.

If you have any questions regarding the enclosed supplement, please call.

## RULE 2 - REQUIREMENTS FOR SERVICE (CONTINUED)

## D. SECURITY DEPOSITS

(1) The Company may require deposits or guarantees satisfactory to the Company as security for the payment of bills for service provided by the Company before it commences or continues to supply service. The need for deposit or guarantee is based on the credit risk of the individual. For residential service, the deposit may be provided by a qualified composite credit group of which the individual is a member, or a guarantee may be provided by a third party who is a responsible customer.

(2) The amount of deposit shall not exceed Company's estimate of the average bill for service provided by the Company for one billing period plus one month, with a minimum of \$5.00. Interest at the rate of the average of 1-year Treasury Bills for September, October, and November of the previous calendar year, is paid annually on all deposits made to secure the payment of bills for service provided by the Company. Interest ceases upon refund of deposit or upon discontinuance or termination of service, whichever occurs first.

(3) Deposit, plus accrued interest, is refunded to a residential ratepayer under the following conditions: (C)

- (a) When a ratepayer establishes credit.
- (b) When a ratepayer becomes a bona fide member of a composite credit group.
- (c) When a ratepayer substitutes third-party guarantor (up to the limits of the guarantee).
- (d) When a ratepayer is not currently delinquent and has paid bills for service provided by the Company for 12 consecutive months without having service terminated and without having become delinquent on more than 2 occasions.

(4) Deposit, plus accrued interest, is applied to the outstanding balance for service provided by the Company of any ratepayer upon termination or discontinuance of service and remainder is refunded. (C)

(5) In the event of a termination of service, the Company may transfer to a third-party guarantor's account any portion of the unpaid balance for service provided by the Company which is equivalent to the deposit requirement of the ratepayer. (C)

## E. RIGHT-OF-WAY (C)

The customer (or property owner) shall provide, without charge to the Company, right-of-way across property owned or controlled by customer (or property owner) and locations and housings which are suitable in the opinion of Company for the installation of Company's facilities. Suitable right-of-way includes, but is not limited to, providing ground line clearing of trees, brush and other obstructions, rough grading, and access by mechanical construction equipment.

(Continued)

---

**RULE 2 - REQUIREMENTS FOR SERVICE (CONTINUED)****F. ACCESS****(C)**

Company employees shall have access at all reasonable hours to customer's premises, without charge, for the purpose of inspecting installations, installing meters, reading, testing, removing, replacing or otherwise maintaining or disposing of any of Company's property.

**G. CUSTOMER'S INSTALLATION****(C)**

The customer's service facilities shall be installed and maintained in accordance with Company's "Rules for Electric Meter and Service Installations". In residential and commercial complexes and multiple occupancy buildings, the owner is responsible for all service entrance facilities including individual service wiring where separate metering for each tenant is required by the Company. Company is not responsible for customer's wiring or equipment. Company is willing to assist customer with advice without incurring responsibility. Company may refuse to commence or continue service when, in Company's opinion, customer's installation is not in proper operating condition or does not conform to this tariff.

**H. RESIDENTIAL BUILDING ENERGY CONSERVATION****(C)**

Prior to receiving any electric service to or for new or renovated residential buildings or additions thereto as defined by Pa. Building Energy Conservation Act as amended by Act 98 of 1985, applicants for service must provide the Company with the compliance certification copy, or photocopy thereof, of the Pa. Department of Community Affairs (DCA) "Notice of Intent to Construct" form as processed by DCA or the local municipality having jurisdiction.
