PA PUBLIC UTILITY COMMISSION  
SECRETARY'S BUREAU

Dear PUC,

C-2013-2340628

A response to your complaint was mailed to the PA Public Utility Commission on Feb 20, 2013. As stated in that letter, the business of H & H Hauling has disbanded effective Dec 31, 2012. The Tri-Axle dump truck operating under # A-00122218, was taken out of service Friday Nov 3, 2012. The truck has been placed for sale and the insurance dropped. The truck has not been used by H & H Hauling since that date, therefore not violating any codes we are aware of. At this time, I have no intentions of entering into any business venture which will require me to hold a Certificate of Public Conveyance.

I have since moved out of the state of PA. If you have need of further correspondence with me, please send them to:

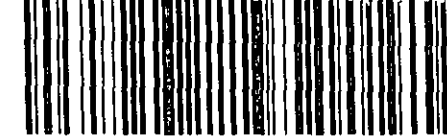

Bernard Haldeman  
PO Box 131  
Ponce De Leon, Fl 32455

Sincerely,

Bernard M. Haldeman
