Exceptions of (Tiffany Wolfe vs Philadelphia Gas Works)

To Secretary of the Commission:

I Tiffany Wolfe is disputing the Commission's decision. According to pg 4 Section 12 PGW is claiming that I requested service on Romaine St. when I provided proof that I lived at 630 W. Fisher Ave. I gave the commission a formal letter from the apartment complex that stated I was a resident of 630 W. Fisher Ave. during that period. Also pg 4 Section 14. States I never ask for service to be terminated on Romaine St which is also not true I no longer lived there, so there was no reason for the service to be on there. According to pg. 5 they are claiming I did not show proof which is untrue I presented two different forms of proof letter from the apartment complex that I resided and my drivers license which also cleared any gaps in the time frame that proved I did not resided on Romaine
