 S7. DIRECTORY LISTINGS

- S7.2.5 A schedule of charges is included in Section 13 of this tariff.
- S7.2.6 A service charge as specified in Section 5 of this tariff is applicable for establishing or changing a listing when the customer's order does not include any other work for which a service order would otherwise be required.
- S7.2.7 The service charge is not applicable for listing changes for reasons beyond the customer's control, such as a change in address of the service location resulting from a change from R.D. number to street number, or by renumbering of house numbers by a municipal government agency.

S7.3 Non-Published Numbers

- S7.3.1 A telephone number is "non-published" when it is omitted from the directory and information lists of the telephone company. Upon request, a customer may have a "non-published" number, but such requests are discouraged as far as possible, and the subscriber is required to sign a written statement releasing the Telephone Company from all responsibility for losses arising from such arrangement. Unless the specific call number is given by the person calling, connection will not be established with a telephone having a "non-published" number. The Telephone Company will take reasonable precautions to prevent the disclosure of non-published number service, but will not be liable should such a number be divulged inadvertently.
- S7.3.2 Non-published numbers are provided at the rate shown in Section 13 of this tariff.
- (C)
- A non-published number charge will apply if the customer requests a non-published number; however, only one non-published number charge will apply to the same customer at one premise regardless of the number of lines or type of service to which he or she may subscribe.
- S7.3.3 When existing service for the same customer requires a number change in order to establish or continue non-published number service, the appropriate service connection charge applies as specified in Section 5 of this tariff.
