PECO ENERGY COMPANY'S STATEMENT
IN SUPPORT OF
THE JOINT PETITION FOR SETTLEMENT

PA PUBLIC UTILITY COMMISSION
SECRETARY'S BUREAU

The Joint Petition for Settlement is the culmination of long negotiations among a diverse range of parties. Despite their varied concerns, however, the Joint Petitioners, in an extraordinary showing of cooperation and commitment, have been able to craft a consensus agreement that promotes competition, enhances customer service, provides rate reductions and enhancements for low-income customers, and benefits the environment. The Settlement also maintains PECO's corporate presence and makes commitments to communities in Southeastern Pennsylvania. In short, the Joint Petitioners heeded Chairman Quain's exhortation that the public interest would best be advanced if the parties

DOCKETED
MAR 28 2000

“work[ed] diligently, in the spirit of compromise . . . to reach an amicable resolution of this matter”

As discussed at length in the Joint Petition (pp. 48-51), the proposed Settlement is in the public interest for a number of independent reasons. PECO Energy Company believes that the factors cited present a compelling case for approving the Settlement. PECO will not repeat that discussion here, other than to note that the Joint Petitioners represent a broad spectrum encompassing virtually all potentially affected constituencies. The mere fact that such disparate forces could come together “in the spirit of compromise” stands as persuasive evidence that the public interest has indeed been well served.

PECO asks that the Commission expeditiously approve the Settlement without modification.

Certificate of Service

OFFICE OF SMALL BUSINESS ADVOCATE
STATEMENT IN SUPPORT OF
JOINT PETITION FOR SETTLEMENT

The Office of Small Business Advocate ("OSBA") files this Statement in Support of the Joint Petition for Settlement (the "Joint Petition") of this proceeding that was filed with the Commission (via Federal Express) on March 23, 2000. The Joint Petition reflects a settlement among the Joint Petitioners with respect to the application by PECO Energy Company ("PECO") for approval of (1) its proposed corporate restructuring, and (2) its proposed merger at the holding company level with Unicom Corporation ("Unicom").

The OSBA represents that:

1. The OSBA filed its Notice of Intervention in this case on January 13, 2000 and was an active participant in the extended negotiations among the active parties that resulted in the Joint Petition to which this Statement in Support should be attached.

2. With the assistance of its consultants on economic issues, the OSBA has carefully reviewed the application that PECO filed with the Pennsylvania Public Utility Commission ("PUC" or "Commission") on November 22, 1999. That filing also included substantial supporting financial and operational data as well as the prepared direct testimony of three PECO executives and two outside expert witnesses (whose testimony addresses the estimated cost savings and the competitive effects of the proposed merger). In addition, wide-ranging discovery efforts by the active parties have produced extensive additional data and information relating to the proposed corporate restructuring of PECO and its merger with Unicom. That additional information was also reviewed by the OSBA and its consulting economists in order to formulate the OSBA's positions on these complex proposals.

DOCUMENT
FOLDER

3. Following a prehearing conference on January 20, 2000 before Administrative Law Judge Charles E. Rainey, and pursuant to the Commission's well-established policy of encouraging settlements that promote the public interest, the active parties, including the OSBA, engaged in extended settlement discussions over the last several weeks. Parties representing diverse public and private interests negotiated vigorously in pursuit of their respective concerns. Ultimately the Joint Petitioners reached consensus on a number of significant modifications to the PECO proposals submitted to the Commission last November. Those changes are described in detail in the Joint Petition.

4. The OSBA respectfully submits that the settlement embodied in the Joint Petition is clearly in the public interest. Accordingly, the Joint Petition should be approved without modification by Judge Rainey and by the Commission for the reasons set forth therein, and in particular because:

- A. PECO customers will receive reductions in their distribution service rates amounting to \$200 million dollars during the period from January 1, 2002 through December 31, 2005. All of PECO's customers, including its small business customers, will share equitably in those rate reductions.
- B. The cap on PECO's transmission and distribution rates will be extended for an additional year and a half, that is, until December 31, 2006. As a result, the distribution service rates paid by PECO's customers in the decade from 1997 through 2006 will either be lower than or the same as those that were in effect on December 31, 1996. Rate stability for such an extended period is both rare and of real value to PECO's customers.
- C. PECO has agreed to satisfy more stringent standards regarding service reliability and customer service pursuant to a Quality of Service Plan that will include specific targets for improvements in those areas. Moreover, PECO has agreed to provide annual reports on these matters to the Commission, the statutory advocates and the City of Philadelphia (and other interested

parties). Those yearly reports will show PECO's performance in those areas and how it fared with regard to the prescribed targets for improvements.

- D. The nascent competitive generation service market in PECO's service territory will be promoted by a number of the provisions of the Joint Petition. These include PECO's agreement to provide enhanced access to installed capacity and to customer historic billing information, both of which will be of benefit to competitive generation suppliers as they seek to expand the market for generation services. The Joint Petition also includes restrictions with respect to the marketing of PECO's Provider of Last Resort service. In addition, the modifications in the CTC/ITC true-up procedures that are called for in the Joint Petition will insure greater stability in the shopping credits applicable to all customers, making the shopping option more attractive to PECO's customers and to potential competitive generation suppliers.
- E. PECO's corporate headquarters will remain in Philadelphia at least through 2005, with staffing at its headquarters building to be no lower than current levels through the year 2003. PECO also will maintain staffing levels in all operational areas that are sufficient to provide adequate, safe and reliable service to all of its customers.

WHEREFORE, the Office of Small Business Advocate respectfully requests that the Joint Petition for Settlement be approved without modification by Administrative Law Judge Rainey and by the Commission.

Bernard A. Ryan, Jr.
Small Business Advocate

SECRETARY'S BUREAU

Dear Judge Rainey:

1) Eric Joseph Epstein, ("Petitioner") *Pro se*, filed a Petition to Intervene and a Petition of Protest in the above captioned proceeding on December 13, 1999;

2) Mr. Epstein filed Two Sets of Interrogatories on January 4 and 18, 2000, and a subsequent Set of Oral Interrogatories on February 15, 2000;

3) Epstein proposed a Public Hearing schedule in his Pre-Hearing Memo dated January 7, 2000;

4) The Petitioner attended, and participated in, the Pre-Hearing Conference held on Thursday, January 27, 2000 in Philadelphia;

5) Mr. Epstein submitted a Witness List on February 14, 2000;

6) Mr. Epstein actively participated in Settlement Negotiations conducted in Philadelphia, and advocated for resolution of the following issues: nuclear decommissioning costs; nuclear power plant operations; nuclear reactor fuel; spent fuel isolation; radiation monitoring; nuclear research; and community investment in south central Pennsylvania;

7) Mr. Epstein believes that all of the issues defined in the proceeding paragraph were fully addressed; and, in some instances, established a constructive and innovative paradigm for other Pennsylvania communities and nuclear utilities (*See enclosure*);

8) Consistent with Mr. Epstein's public comments in *The Intelligencer Journal* (Lancaster), and *The Patriot News* (Harrisburg) on Saturday March 25; and, *The York Sunday News* on March 26, 2000, Eric Joseph Epstein strongly supports the Joint Petition for Settlement, and respectfully requests the Petition be expeditiously approved without modification by Administrative Law Judge Rainey and the Pennsylvania Public Utility Commission

Copies have been served upon all parties of record as shown on the attached Certificate of Service.

Sincerely,

Eric Joseph Epstein, House
4100 Hillside Road
Harrisburg, PA 17112

DATED: March 27, 1999

Enclosure

Enclosure

ISSUES RAISED BY ERIC JOSEPH EPSTEIN AND ADDRESSED BY PECO ENERGY

1) Nuclear Decommissioning

- Any "upward adjustment", up to \$50 million, for nuclear decommissioning at Limerick 2 & 3, Peach Bottom 2 & 3 and Salem 1 & 2, above the 1995-1996 cost projections filed at the Pennsylvania PUC, will be paid by PECO Energy share holders;
- PECO Energy will commit \$500,000, for a period of five years, to conduct dedicated research relating nuclear decommissioning, i.e., remote robotics.

2) Planned Operating Life for PECO's Nuclear Generating Stations

- PECO agreed to extend the activities of the EFMR Monitoring Group to include the Peach Bottom nuclear generating station. This Agreement was modeled on the 1992 GPU/EFMR Agreement and the 1999 AmerGen/EFMR Agreement.

3) Spent Fuel Disposal

- PECO will not import Low Level Radioactive Waste or High Level Radioactive Waste onto Peach Bottom;
- PECO will not utilize Mixed Uranium Oxide at any of its nuclear generating facilities.

4) Rate Payer Equity

- PECO established a nuclear decommissioning 95%/5% cost sharing formula between rate payers and share holders;

5) Community Investment

- Community investment levels in south central Pennsylvania will increase by 5% per year over a 60 month period.

PA PUBLIC UTILITY COMMISSION
SECRETARY'S BUREAU

Re: Application of PECO Energy Company, Pursuant to Chapters 11, 19, 21, and 28 of the Public Utility Code, for Approval of (1) a Plan of Corporate Restructuring, Including the Creation of a Holding Company and (2) the Merger of the Newly Formed Holding Company and Unicom Corporation; Application Docket No. A-110550F0147

Dear Secretary McNulty:

This letter is to advise the Pennsylvania Public Utility Commission, the Presiding Officer and the parties of the position of West Penn Power Company, Monongahela Power Company, and The Potomac Edison Company (collectively "Allegheny Power"), and of the position of Allegheny Energy Supply Company, LLC ("AESC"), with respect to the settlement of PECO's above-captioned merger proceeding.

Allegheny Power and AESC have reviewed the draft Joint Petition for Settlement circulated March 23, 2000 and will not execute the Joint Petition for Settlement. Allegheny Power and AESC neither support nor oppose the Joint Petition for Settlement. However, Allegheny Power and AESC will not procedurally oppose or take exception to the Joint Petition for Settlement as presented in its present form to the presiding officer and the Pennsylvania Public Utility Commission.

134

James J. McNulty, Secretary

Page 2

March 27, 2000

The decision of Allegheny Power and AESC not to take exception does not indicate agreement in or acquiescence to the rationale or terms and conditions of the Joint Petition for Settlement, nor should the decision not to take exception be construed to have any precedential effect or value in any subsequent proceeding involving Allegheny Power or AESC.

A copy of this letter is being served on the Presiding Officer and upon all the parties as shown on the attached *Certificate of Service*. This filing is made by Federal Express and is deemed to be filed today pursuant to 52 Pa. Code §1.11.

Very truly yours,

John L. Munsch
Senior Attorney

**BEFORE THE
PENNSYLVANIA PUBLIC UTILITY COMMISSION**

**APPLICATION OF PECO ENERGY :
COMPANY, PURSUANT TO CHAPTERS :
11, 19, 21, 22 AND 28 OF THE PUBLIC :
UTILITY CODE, FOR APPROVAL :
OF (1) A PLAN OF CORPORATE :
RESTRUCTURING, INCLUDING THE : APPLICATION
CREATION OF A HOLDING COMPANY : DOCKET NO. A-110550F0147
AND (2) THE MERGER OF THE NEWLY :
FORMED HOLDING COMPANY AND :
UNICOM CORPORATION :**

**STATEMENT OF PENNFUTURE IN SUPPORT OF
JOINT PETITION FOR SETTLEMENT**

PennFuture intervened in this proceeding along with ten individuals out of concern that the merger, as initially filed, suggested no improvements to public service and raised serious questions about whether the merged company would maintain existing levels of public service in southeastern Pennsylvania.

This landmark Settlement squarely addresses our initial concerns by requiring modifications to the Application that provide substantial benefits to the public, and we wholeheartedly encourage the Commission to adopt the Settlement. As a result of this Settlement, electricity in the PECO service territory will be cleaner, more affordable, and safer.

PECO and numerous parties have worked hard and reached a result that provides concrete near and long-term benefits to the economy and environment of Pennsylvania. The Settlement benefits southeastern and all of Pennsylvania by helping consumers directly, encouraging a more competitive and reliable electric market, and helping

Pennsylvania to take the regional lead in developing renewable electricity that will provide long-term economic, environmental and health benefits to all Pennsylvanians.

The Settlement provides for meaningful rate reductions and minimizes future potential rate increases. The Settlement reduces distribution rates by \$200 million and extends the distribution rate cap through the end of 2006. Consumers also are likely to avoid an additional \$50 million to fund PECO's nuclear decommissioning liability. The Settlement provides further benefits for our most vulnerable low-income neighbors by expanding enrollment in the Customer Assistance Program, developing a "Special Needs Program," and providing at least \$1.3 million in additional emergency hardship funds.

The Settlement includes several provisions that protect existing jobs and encourage sustained economic development. The rate reductions and rate caps are a direct shot in the arm to businesses that locate in southeastern Pennsylvania. The Settlement includes several provisions that will increase the competitiveness of the generation market, helping to drive down prices. It includes enhanced reliability and customer service standards that are essential to growing businesses.

The Settlement also provides unprecedented regional support to facilitate the emergence of a renewable electric industry in Pennsylvania. PECO will provide a total of \$32 million in support of renewable energy, of which \$24 million is newly committed funds and the remainder is an accelerated payment of funds previously committed to the Sustainable Development Fund. Of this amount, \$15.5 million is dedicated to support the development of new wind generation facilities in Pennsylvania, \$4 million for rooftop photovoltaic installations, and \$2.5 to educate the public about the environmental, economic and technical importance of renewable electricity. The non-profit Sustainable

Development Fund will administer most of the funding through a combination of grants, loans, purchases and other financing to support the projects.

The funding commitments are but a part of the Settlement's support for renewable electricity. The Settlement provides tremendous improvement to PECO's "net metering" tariff that will enable consumers to better afford to install pollution-free solar panels on their roofs or fuel cells in their basement. The Settlement also establishes a cooperative procedure to develop streamlined technical requirements and procedures for the interconnection of renewable and distributed generation facilities to PECO's facilities. This effort should reduce uncertainties and expenses for developers of new renewable generation facilities, while improving the safety, reliability and efficiency of PECO's distribution system. Private installation of distributed generation closer to the customer will reduce the need for consumers to fund distribution system improvements and avoid "line losses" that can waste about 8% of the generation produced.

The provisions of the Settlement concerning renewable electricity benefit all Pennsylvanians beyond the economic development impacts. As renewable electricity replaces conventional electric generation, we will avoid air pollution that causes global warming, acid rain, smog and respiratory and cardiac problems. These benefits in turn will make Pennsylvania a better place to live and work.

For the foregoing reasons, PennFuture enthusiastically endorses the Joint Settlement and encourages the Commission to adopt the settlement expeditiously.

Respectfully Submitted,

John Hanger

Peter Meadows Adels
